## INTRODUCTION

This booklet is called a Tier 4 Summary Plan Description or SPD for short. It is published by the New York City Employees' Retirement System (NYCERS), and is intended to summarize all of the provisions relating to retirement plans, programs and other benefits offered to City employees who become members of the system on and after July 27, 1976. Laws affecting your pension tier or plan can be enacted in any given year, which may result in possible inaccuracies within this SPD. In the event of a conflict between the contents of this booklet and any applicable law and/or rules, including, but not limited to, the Administrative Code of the City of New York, the New York State Retirement and Social Security Law, and the Rules of NYCERS, the applicable Law or Rule will govern.

Membership in NYCERS is available to all New York City employees who are not eligible to participate in the New York City Teachers' Retirement System, the New York City Police Pension Fund, the New York City Fire Department Pension Fund or the New York City Board of Education Retirement System.

NYCERS was established by an act of the New York State Legislature in 1920. The system is responsible for the retirement benefits for most employees of the City of New York. The head of the retirement system is the Board of Trustees. The Comptroller of the City of New York is the Custodian of the funds of the System, and by delegation of the Board of Trustees, has the power to invest those funds.

The Executive Director, appointed by the Board of Trustees, is the chief administrative officer of the agency. The Chief Actuary, also appointed by the Board, provides actuarial services to the system. The Office of the Corporation Counsel provides legal services to the system.

An independent Medical Board reporting to the Board of Trustees conducts examinations of members who file for disability retirement and makes determinations regarding their ability to perform the duties of their job title.

All people holding a permanent civil service position in the competitive or labor class are required to become members of NYCERS six months after their date of appointment, but may voluntarily elect to join the system prior to their mandated membership date. All other eligible employees have the option of joining the system upon appointment or at anytime thereafter.

NYCERS is a defined benefit plan, meaning that a specific benefit is provided at retirement in amounts that are paid either on a fixed-dollar basis or as a percentage of compensation. This plan consists of both employer and employee contributions. The retirement system manages the system's invested assets and pays out benefits according to formulas set forth in the NY State law.

NYCERS is a cost-sharing, multiple employer public employee retirement system. In addition to the various departments of the City of New York, members are also employed by Participating Employers (see the Glossary for a complete listing).

## INTRODUCTION (continued)

In general, Tier 4 members are governed by ARTICLE 15 of the New York State Retirement and Social Security Law (RSSL), the Administrative Code of the City of New York, the Rules of NYCERS and certain other applicable laws, including ARTICLE 14 of the RSSL for persons who last became members prior to September 1, 1983 (see page 71).

## **WHO IS A TIER 4 MEMBER?**

If you become a NYCERS member after July 26, 1976, you are a Tier 4 member, unless

- you are a member of the uniformed-force of the NYC Department of Correction, in which case you are a Tier 3 member, or
- you are an Investigator employed in a District Attorneys' office, in which case you are a Tier 2 member

If you became a member of NYCERS after July 26, 1976 but before September 1, 1983, you were originally a Tier 3 member, but have since become a Tier 4 member effective September 1, 1983. However, you continue to retain your Tier 3 rights - (see Tier 3 Rights for Certain Tier 4 Members section in this booklet for an explanation). Due to more recent legislation, Tier 3 rights are seldom better than Tier 4 rights, and in most cases, provide for substantial benefit reductions.

## THE VARIOUS TIER 4 RETIREMENT PLANS AND PROGRAMS

This SPD contains sections that are applicable to all Tier 4 Plans or Programs; sections that are applicable only to the three General Membership Plans/Programs (62/5, 57/5, 55/25); and sections that are applicable only to the eight "Special Occupational Group Programs" (Sanitation, Transit, TBTA, Dispatcher, EMT, Deputy Sheriff, Automotive Service Worker, Special Officer). Any provision unique to a Plan or Program will be found within that specific section of the SPD. Words that are italicized throughout this booklet have special meaning, and possibly are further explained in the GLOSSARY.

### **Chapter 96 Programs**

The RSSL was amended by Chapter 96 of the laws of 1995 establishing two additional Tier 4 Programs. The 25-year Early Retirement (55/25 and the Age 57 Retirement Program. These enable members the right to retire prior to age 62 without a reduction in their benefit. The term "Chapter 96" is used in various instances throughout this booklet, but the two retirement programs that were created by this law are described only in the "General Membership" Plans/Programs section. Most new NYCERS members are eligible for the Age-57 Retirement Program. Members who were in an eligible position on June 28, 1995 could have elected to participate in the 55/25 Program- the timeframe to elect that option has expired.

### **GENERAL MEMBERSHIP PLANS/PROGRAMS**

#### **The 62/5 Plan**

Commonly referred to as the Basic Tier 4 Plan, in order to retire under this plan, you must be age 62 with at least five years of Credited Service. There is a provision for retiring as early as age 55, but it means a reduction in your annual retirement benefit. This plan is for employees of the City of New York or a Participating Employer who became a member of NYCERS after July 26, 1976 but prior to June 29, 1995, and who **did not elect** to participate in the 55/25 Program (described on next page).

#### **The 57/5 Program**

The 57/5 is an Age 57 **AND** five years of *Credited Service* Program. This Program is for new employees or members who were not employed in an Eligible Position on June 28, 1995. A person who was a member of NYCERS or Board of Education Retirement System on June 28, 1995 **but who was not employed in an Eligible Position** on June 28, 1995, and becomes employed in an *Eligible Position* after June 28, 1995 has 90 days in which to file an election form with NYCERS to become a *Participant* in the Program.

The Program is **MANDATORY** for any person who was not employed in an Eligible Position on June 28, 1995, **and** becomes a Tier 4 member after that date.

#### **The 55/25 Program**

The 55/25 is an Age 55 **AND** 25 years of *Credited Service* Program. This Program is **ONLY** for persons who were members of NYCERS on June 28, 1995, **and** were employed in an *Eligible Position* on that date, **and** filed an election to participate in the *Program* on or before September 26, 1995.

A person who was employed in an *Eligible Position* on June 28, 1995, but was not a member of NYCERS or BERS on that date, **and** becomes a member after June 28, 1995 has 90 days in which to file an election form with NYCERS to become a *Participant* in the Program.

Any *Participant* in the Program, who terminates service in an *Eligible Position* and returns to such service at a later date, will be mandated into participation in the Program on that date.

**Refer to the Glossary for a list of Eligible Positions for participation in the 57/5 and 55/25 Programs**

## **SPECIAL OCCUPATIONAL GROUP PROGRAMS**

Tier 4 currently has 8 programs that we refer to as Special Occupational Programs

- The 20-Year Retirement Program for Members of the Uniformed Force of the NYC Department of Sanitation (*Sanitation 20-Year Program*)
- The Transit 25-Year and Age-55 Retirement Program (*Transit 25/55 Program*)
- The Triborough Bridge & Tunnel Authority 20-Year and Age-50 Retirement Program (*TBTA 50/20 Program*)
- The 25-Year Retirement Program for Dispatcher Members (*Dispatchers 25-Year Program*)
- The 25-Year Retirement Program for EMT Members (*EMT 25-Year Program*)
- The 25-Year (no age) Retirement Program for Deputy Sheriffs (*Deputy Sheriffs 25-Year Program*)
- The 25-Year and Age-50 Retirement Program for Automotive Service Workers (*Automotive 50/25 Program*)
- The 25-Year (no age) Retirement Program for Special Officer titles (*Special Officer 25-Year Program*)

## **MEMBERSHIP AND ELIGIBILITY**

### **MANDATORY MEMBERSHIP**

Tier 4 membership is mandatory for all employees who are appointed and have completed six months of service in a permanent position in the competitive or labor class. Permanent employees may voluntarily join NYCERS at any time during the first six months of covered employment.

### **VOLUNTARY MEMBERSHIP**

All people employed by the City or a *Participating Employer* who **ARE NOT** appointed from an open-competitive list and **ARE NOT** employed in a labor class position are free to join NYCERS. However, they **ARE NOT** mandated into membership after six months of service. Such people can file for membership at any time after they start employment with New York City or any of NYCERS' *Participating Employers*. They must, however, be on the payroll (either in paid status or leave without pay) of their employer when they file their membership application with NYCERS.

A voluntary membership in NYCERS begins only when a properly completed membership application is filed with NYCERS, not with a participating employer.

### **SOCIAL SECURITY PARTICIPATION**

#### **MEMBERSHIP IN NYCERS FORCES PARTICIPATION IN THE SOCIAL SECURITY PROGRAM.**

Once an employee joins NYCERS, either through a mandatory or voluntary membership, the employee must pay the 6.20% FICA tax on covered *Wages* (in calendar year 2002, the maximum salary subject to FICA was \$84,900 *times* 6.20% equals \$5,263.80).

**The medicare program deduction of 1.45% of all earnings (no maximum amount set each year like for FICA deductions) is mandatory for all employees since 1986.**

### **DEFERRED COMPENSATION PLAN (DCP)**

Another Citywide retirement plan is the (457) DCP, which is administered by the NYC Office of Labor Relations. It is a defined contribution plan, meaning that a retirement benefit is based on the cumulative value of employee contributions. Members of the Deferred Compensation Plan select how to invest their contributions from among offered choices, and benefits are paid out according to assets available in the individual member's account.

All New York City employees may concurrently join NYCERS and DCP. Those who are not mandated into membership in NYCERS may join the DCP and not NYCERS. Such employees who contribute 7.50% or more of their *Wages* to the DCP are not required to pay the 6.20% FICA tax. Keep in mind, however, that Social Security disability, survivor and retirement benefits are determined according to the amount and duration of your FICA contributions.

**If you subsequently join NYCERS, you will be required to pay Social Security contributions, even if you continue to contribute at least 7.5% of *Wages* to the Deferred Compensation Plan.**

If you do not join the DCP, you will be required, after one month of employment, to pay all required FICA contributions, whether or not you are a member of NYCERS.

## SERVICE CREDIT

Each Tier 4 Plan or Program has a minimum service requirement provision. In order to retire under your specific Tier 4 Plan or Program, you need to have the required amount of either *Credited or Allowable Service*. The specifics for retirement can be found under the **SERVICE RETIREMENT** section. The following provides a brief glimpse of the service and age requirements and the various ways that members can accumulate *Credited Service*. In order for the Special Occupational Group Programs members to fully understand how service credit is applied, they need to read this section **plus** the service credit information within their specific program section.

### **TYPES OF SERVICE**

Benefits are based in part on how much service credit a member has earned by the time the benefit is payable. The types of service a member may secure credit for are:

1. Membership Service
2. Transferred Service
3. Purchased Service (including transfer of 457 Deferred Comp funds)
4. Membership Reinstatement Service
5. Military Service
6. Union Leave Service

All of these types of services are lumped together and referred to as **CREDITED SERVICE**.

### **Membership Service**

Membership Service is defined as paid full-time or part-time service performed after you last joined NYCERS, including all service while you are on the payroll of a *Participating Employer* and certain *Military Service*. *Transferred Service* also counts as *Membership Service* for purposes of establishing eligibility and calculating benefits.

### **Transferred Service**

Transferred Service is service which was credited to you while you were a member of another public employee retirement system in the City or State of New York which you transfer to NYCERS.

### **Purchased Service**

Purchased service allows members to purchase retirement service credit for full or part-time public service performed before becoming a member of the pension system. Even though all purchased service will be used in calculating future benefits, the purchase of such service does not change your membership date in NYCERS.

You may file a request to purchase previous service as long as your NYCERS membership is still active. Requests must be filed before your effective retirement date. It is important to note that legislation enacted in October, 2000 eliminated the "continuous service" requirements for buying back time, and allows members of NYCERS to purchase retirement service credit for public service performed before becoming a member. A member is eligible to obtain retirement service credit for previous public service rendered anywhere in New York State:

## SERVICE CREDIT (continued)

- if such service would have been creditable in any public employee retirement system in New York State,
- if the individual had been a member of such system at the time the service was rendered.

Upon receipt of your application to purchase previous service, NYCERS calculates the cost and gives you the option of making the required payment in a lump-sum or through payroll deductions. You may cancel your request at any time. However, no refunds can be made for portions already purchased.

If you are currently paying for previous service through payroll deductions and wish to now pay the balance in a lump-sum, you must notify NYCERS of your intent prior to your retirement date.

In order for any purchased Previous Service to be credited to him or her, the member must have credit for at least two years of *Membership Service*,

The cost to purchase previous service is equal to 3% of *Wages* earned during the period(s) claimed, **plus** interest from the dates of such service up to the date that full payment is made to NYCERS, at the rate of 5% per annum, compounded annually.

Effective January 1, 2002, NYCERS members interested in purchasing service, may do so by making a direct transfer of funds from their 457 Deferred Compensation Plan. Examples of such a purchase include, but are not limited to: pre-member service; military service; and tier reinstatement (prior membership portion only). You may not use 457 to make deficit-related payments

The member must submit a copy of the cost letter to the NYC Deferred Compensation Plan, 40 Rector Street, 3rd Floor, New York, NY, within 15 days of receipt of the letter. He/she will be required to complete an "In-Service Distribution Form" at Deferred Compensation. The funds will then be transferred directly to NYCERS as payment of the purchase. Members requiring more information should direct inquiries to Deferred Compensation Plan Client Services at (212) 306-7760.

Transit Authority members who participate in the 457 Deferred Compensation Plan administered by Financial Administrative Services Corporation (FASCorp) and are interested in using their deferred compensation funds for the purposes listed above should call FASCorp directly at 1-866-682-7567 for detailed information.

Health & Hospitals Corporation members who participate in the 403(b) Plan administered by Prudential Retirement Services may also use funds for such purchases. Members requiring more information should direct inquiries to Prudential at 1-800-458-6333.

It should be noted that NYCERS members cannot use their 401(k) plan to purchase service credit.

## SERVICE CREDIT (continued)

**PLEASE NOTE:** *Participants in the 55/25 Program* who were not a member of NYCERS (or BERS) on July 1, 1993, and all *Participants in the 57/5 Program*, must also pay *Additional Member Contributions* for **all Credited Service**, including purchased *Previous Service* and Transferred Service. The rates are as follows:

4.35 % December 31, 1997 - January 1, 1998

2.85 % January 2, 1998 - December, 2001

1.85% After December 6, 2001

There is an additional 1.98% *Additional Member Contribution* required if you were employed in *Physically-Taxing Positions* during any of that service.

**Payments for Previous Service are not eligible for Federal income tax deferral [IRC Section 414(h)] treatment.**

### **Purchasing Service Credit For Layoff Time (Sanitation only)**

Chapter 528 of the Laws of 2001 provides members of the uniformed force of the NYC Department of Sanitation, who were laid-off on or after July 1, 1990 (**for economic reasons**), and return to service, to be deemed as having been in continuous service (for retirement purposes) as long as the lay-off did not exceed 33 months. However, there are many other provisions associated with purchasing this service credit that you need to be made aware of. If you believe you qualify for this service credit purchase, please call NYCERS to obtain all the details.

### **Purchased Service Does Not Change Your NYCERS Membership Date**

Even though all purchased service will be used in calculating future benefits, the purchase of such service does not change your membership date in NYCERS.

### **WARNING**

**If you are a member of a Special Occupational Group Program, check with NYCERS before purchasing any service credit, as it may not be considered *Allowable Service* in your particular program.**

### **Membership Reinstatement**

Legislation enacted in 1999 allows former members of a public retirement system in New York State who left public employment and later returned to public service to possibly restore their original membership date and tier status. This is not that same as purchasing service credit, which is explained on a prior page. Membership reinstatement requires that you must have been a member of that former public retirement system. You need to file Form # 181 (Membership/Tier Reinstatement) in order to obtain a statement of any costs associated with reinstatement. A change in membership date or tier status may result in significant changes in your retirement benefits, contribution rates, death benefits, or outstanding loans. However, in most cases the benefits of an earlier membership will outweigh any associated cost. To make an informed decision about your situation, visit our Customer Service Center and speak to a retirement counselor.

## SERVICE CREDIT (continued)

### Military Service

There are various laws that allow members to purchase service credit for time spent on active duty in the U.S. military. They are sections 242, 243 and 244 of the New York State Military Law, the Federal Veterans Reemployment Rights Act (VRRRA) and ARTICLE 20 of the Retirement & Social Security Law as added by Chapter 548 of the laws of 2000. Each law has different provisions for granting, or the cost to secure credit. A member is entitled to receive credit for Military Service under whatever law provides him or her with the greatest benefit. Under all provisions, **Military Service must have been satisfactorily completed and a discharge under honorable circumstances received.** Some of the program specifics are outlined in this section, but for complete details, please obtain and read a copy of NYCERS brochure # 902, Purchasing Credit for Military Service.

#### WHILE A MEMBER/EMPLOYEE

In order to receive retirement service credit for time spent on active duty military service under the NY State and Federal laws, a member would have had to been: employed by the City of New York or a *Participating Employer* or some other municipality within New York State; be granted a leave of absence for the purpose of serving in active duty; to have actually served in active duty and apply to be returned to their City (or other municipal) position; and, thereafter generally pay the contributions that would have been made during the period of his or her military leave of absence.

**Note:** Ask NYCERS for contribution details if you served in active duty during Desert Storm.

Under the provisions of State Law, the person had to have been a member of the retirement system at the time he or she entered military service. Under the VRRRA, he or she did not need to be a member, but he or she did have to be employed by a municipal employer within New York State.

#### WHILE NOT A MEMBER/EMPLOYEE

Under Chapter 548 of the laws of 2000 if the member was honorably discharged, he or she can purchase up to three years of military service time even if it was rendered prior to his or her City employment or membership in a retirement system, **and even if he or she was not a resident of New York State.** Active duty Military Service must have been during specified times of war, military conflicts, or rendered in certain combat theatres (see below). To get credit for Military Service under Chapter 548, the member must have five or more years of NYCERS' *Membership Service*.

### **TO BE PURCHASABLE, THE MILITARY SERVICE MUST HAVE BEEN RENDERED DURING ONE OF THE FOLLOWING PERIODS OF WAR:**

- World War II December 7, 1941 - December 31, 1946
- Korean War June 27, 1950 - January 31, 1955
- Vietnam Era February 28, 1961 - May 7, 1975

## SERVICE CREDIT (continued)

Or during one of the following military conflicts:

- Lebanon\* June 1, 1983 - December 1, 1987
- Grenada\* October 23, 1983 - November 21, 1983
- Panama\* December 20, 1989 - January 31, 1990

\* As established by receipt of the armed forces, Navy or Marine Corps expeditionary medal.

Or during hostilities participated in by the military forces of the United States in theatres of operation, including:

- Iraq, Kuwait, Saudi Arabia, Bahrain, Qatar, United Arab Emirates, Oman, Gulf of Aden, Gulf of Oman, Persian Gulf, Red Sea and the airspace above these locations - from August 2, 1990 to the end of such hostilities

If you were ever on active duty Military Service, and you wish to purchase credit for that service, you should discuss this matter with one of our Customer Service representatives to determine which section of law would provide you with the best benefit.

### **Union Leave Service**

A member may be granted *Credited Service* for an authorized leave of absence without pay to conduct labor relations activity on behalf of a public employee union, **if** the employer adopts a resolution and files an election with NYCERS to offer this credit **and** NYCERS receives an annual certification that the member is indeed performing union leave activities. This service may be either on a part-time or full-time basis.

As of December 1997, New York City employees, employees of the New York City Health and Hospitals Corporation, the New York City Housing Authority and the New York City Transit Authority are eligible for service credit for union activity.

**NOTE:** The member must pay his or her basic contributions of 3% of *Wages*, and if applicable, he or she must also pay all *Additional Member Contributions* required.

### **Dual Employment Service**

Dual Employment refers to concurrent employment in two or more NYCERS eligible positions in City service. Such positions may be either full-time or part-time.

Members in Dual Employment are required to make member contributions based on *Wages* from all concurrently held positions in City service. In return, members who meet certain eligibility requirements may receive retirement benefits based on such Dual Employment.

**FOR EXAMPLE:** A member may earn service credit from two or more concurrently held part-time positions. However, a member may not earn a greater amount of service credit in any period of time than he or she could have earned during that same period from one full-time position. Similarly, the earnings from two or more Dual Employment part-time positions may be combined for the purpose of calculating the compensation base to be used in computing benefits. This combined compensation cannot exceed the amount of service credit that could have been earned from one full-time position during that period.

**For members who joined NYCERS after July 1992, and concurrently held two or more positions (part-time or full-time) in City service for at least ten years, the earnings from the same number of concurrently-held positions may be combined for the purpose of computing benefits.**

Under certain circumstances, a retiree may receive a post-retirement refund of member contributions attributable to a Dual Employment position, where the retiree did not receive service credit for that position, and the earnings from that position did not figure into the computation of his or her retirement benefit.

**NOTE:** No member shall receive credit for more than one year of service in any calendar year. This rule applies without respect to number of positions held, or number of hours worked during the calendar year.

### **Part-Time Service**

Part-time service is service performed while employed in a City job or with a *Participating Employer* in which the employee is regularly scheduled to work fewer than 1,827 hours in a calendar year. NYCERS will prorate credit for past or present Part-time service on the basis of one year of service credit for 1,827 hours worked in a calendar year.

The maximum number of hours that will be credited is 35 hours in any weekly pay period and 70 hours in any bi-weekly pay period.

**NOTE:** No member shall receive credit for more than one year of service in any calendar year. This rule applies without respect to number of positions held, or number of hours worked during the calendar year.

### **Physically-Taxing Position Service**

Physically taxing positions in City service are included on the Official List of *Physically-Taxing Positions* promulgated and maintained by the NYC Office of Labor Relations.

You do not get any additional credit for service rendered in positions designated as *Physically-Taxing*. However, *Participants* in the 57/5 and 55/25 Programs are eligible for retirement as early as age 50 if they have 25 or more years of *Credited Service* in *Physically-Taxing Positions*.

Refer to Appendix A for a list of *Physically-Taxing Positions*.

### **Unpaid Leave**

Generally, you do not receive *Credited Service* for an *Unpaid Leave* of absence.

**Note:** Be sure to ask NYCERS about compensation base and service credit prior to your retirement.

## **SERVICE CREDIT FOR SPECIAL OCCUPATIONAL GROUPS**

Members in a Special Occupational Group Program need to review the general Service Credit section (beginning on page 6). If there are any additional service credit provisions, they will be located within the specific Special Occupational Group Program section.

## CONTRIBUTIONS

**A deficit in any of your contribution accounts, or outstanding loans at retirement, may result in a reduction in your retirement benefit.**

All Tier 4 members, except Transit Operating-Force (see \* below), are required to make basic Tier 4 contributions of 3% of *Wages*, including overtime, that is paid by a *Participating Employer*.

Tier 4 member's basic contributions of 3% of Wages will cease on the earlier of:

- the member's 10th anniversary of membership in NYCERS, or
- the date the member accumulates 10 years of Credited Service, (which can include any purchased and/or transferred service credit), but
- not before October 1, 2000

NYCERS refers to the account in which the basic Tier 4 member contributions are deposited, and the interest earned on those deposits, as the *Members' Contribution Accumulation Fund (MCAF)*. Since January 1, 1977, the interest rate has been fixed by law at 5% per-annum, compounded annually.

**In addition**, certain Tier 4 Special Programs require that Participants make Additional *Member Contributions (AMCs)*.

Members and Participants in some Tier 4 Special Programs can apply for a loan based on their contributions. To see if you qualify, please refer to the section in the booklet entitled **LOANS** for information about borrowing against either your *MCAF* and/or *AMCs*.

**\* Chapter 10 of the laws of 2000 reduced all NYC Transit Authority Tier 4 Operating-Force members' basic contribution to 2%. This became effective the first full pay period after December 15, 2000.**

## ADDITIONAL MEMBER CONTRIBUTIONS (*AMCs*)

No *AMCs* are required for members of the 62/5 Plan. The details concerning the *AMCs* for Special Occupational Group Program members can be found within the specific Special Occupational Group Program section. Under the General Membership Plans and Programs, only the 57/5 and the 55/25 have *AMC* requirements, as explained below.

### Age-57 Retirement Program (57/5 Program) *AMCs*

#### ***AMCs* ARE MANDATORY**

In addition to the basic contributions of 3% of *Wages* that all Tier 4 members are required to pay, the following *AMCs* are required:

- 4.35% for service through December 31, 1997
- 2.85% for service on or after January 1, 1998
- 1.85% for service after December, 2001
- *Participants* employed in Physically-Taxing Positions must contribute an additional 1.98% of their gross *Wages* each payroll period.
- *Participants* who previously were in the Transit 25/55 Program any time from December 15, 2002 until their entry into this Program are not required to pay *AMCs* for that time period

A *Participant* who is otherwise eligible to receive a Service Retirement Benefit but did not, prior to the effective date of retirement, pay the entire amount of a contribution deficiency, or repay the entire amount of a loan of his or her *AMCs*, is still eligible to retire. However, that *Participant's* benefit will be reduced according to an actuarial formula that takes into account any deficiency in *AMCs*.

Any *Participant* who terminates employment in an *Eligible Position* and returns to *Active Service* as a member employed in an *Eligible Position*, shall again become a *Participant* in the 57/5 Program. Any refund the *Participant* received of his or her *AMCs* must be paid back with interest.

A Disability Retirement and a Death Benefit, payable by NYCERS to a *Participant* or his or her designated beneficiary or estate, will be reduced according to an actuarial formula that takes into account any deficiency in *AMCs*.

Payment of *AMCs* is by payroll deduction.

***Participants* are required to pay *AMCs* on *Wages* earned from all *Credited Service* (including buy-back, transferred, and non-eligible-position service) prior to the starting date of the 57/5 Program.**

**PARTICIPANTS MUST PAY *AMCs*  
FOR THE FIRST 30 YEARS OF *CREDITED SERVICE***

*AMCs* are maintained in the *Retirement Reserve Fund*, (RRF) which is an account maintained separately from the *Members' Contribution Accumulation Fund (MCAF)*. The *MCAF* contains only the member's Tier 4 basic contributions of 3% of *Wages*. Both funds earn interest of 5% per-annum, compounded annually.

Upon payment into NYCERS, 50% of the *AMCs* are deemed to be employer contributions, and 50% are deemed to be employee contributions.

AN ORDINARY RESIGNATION DOES NOT QUALIFY A *PARTICIPANT* FOR A REFUND OF ANY PORTION OF HIS OR HER *AMCs*.

**WITHDRAWAL OF *AMCs* WILL TRIGGER A FEDERAL TAX LIABILITY AND MAY RESULT  
IN A TAX PENALTY.  
REPAYMENT OF ANY DEFICIENCY IN *AMCs* IS NOT ELIGIBLE  
FOR DEFERRED TREATMENT UNDER FEDERAL INCOME TAX RULES [IRC SECTION 414(h)].**

Any *Participant* who terminates employment in an *Eligible Position* and returns to *Active Service* as a member employed in an *Eligible Position*, shall again become a *Participant* in the 57/5 Program. Any refund the *Participant* received of his or her *AMCs* must be paid back with interest.

### **25-Year Early Retirement Program (55/25 Program) *AMCs***

#### ***AMCs* ARE MANDATORY**

In addition to the basic contributions of 3% of *Wages* that all Tier 4 members are required to pay, the following *AMCs* are required:

- 4.35% for service through December 31, 1997
- 2.85% for service on or after January 1, 1998
- 1.85% for service after December, 2001
- *Participants* employed in *Physically-Taxing Positions* must contribute an additional 1.98% of their gross *Wages* each payroll period
- *Participants* who previously were in the Transit 25/55 Program any time from December 15, 2002 until their entry into this Program are not required to pay *AMCs* for that time period

***Participants* who were not members of NYCERS or the Board of Education Retirement System (BERS) on July 1, 1993 are required to pay retroactive *AMCs* on *Wages* earned from all *Credited Service* (including buy-back, transferred, and non-eligible-position service) prior to the starting date of the 55/25 Program.**

## LOANS

### SPECIAL NOTICE CONCERNING UNPAID LOAN BALANCE

Non-payment of an outstanding loan may significantly decrease your retirement benefits, will trigger a Federal tax liability, and may result in a tax penalty on the outstanding balance.

Shortly after your retirement date, you will receive a letter from NYCERS stating the taxable amount of your outstanding loan. The letter will remind you that you may defer your tax liability by rolling the taxable amount into an IRA account.

**Before you file for retirement**, visit NYCERS to learn about the tax and retirement benefit consequences of an unpaid loan and about your repayment options.

This section will provide a thorough explanation of loans and the consequences of an outstanding loan at retirement or resignation. Also refer to the **TAXATION** section of this booklet for additional information.

A Tier 4 member of NYCERS in *Active Service*, who has credit for at least one year of *Membership Service*, may borrow an amount not to exceed 75% of the amount last posted to his or her *MCAF* account (minus any outstanding loans). This is also true of some RRF accounts that are typically associated with the Special Occupational Group Programs. The following restrictions apply to all Tier 4 loans.

- You must be in pay status on the payroll of a *Participating Employer* to be issued a loan
- Only one loan may be issued to you in any 12-month period. **There is no provision in law to allow any exceptions**
- The minimum amount of any loan is \$1,000. (You must have at least \$1,334 to your credit in your *MCAF* and *RRF* accounts to qualify for the minimum loan amount)
- A service fee of \$15.00 is charged for processing each loan. You do not have to pay this separately, as the fee is deducted from the loan check

**EXAMPLE:** If you apply for a \$1,000 loan, the net amount of your check will be \$985.00.

- Once a loan has been properly issued, it may not be canceled
- A member may change the amount of their loan repayment only once in any 12-month period
- The member must file a *Change of Repayment Form* (Form # 301) with NYCERS, and pay a service fee of \$15.00 (by money order only)
- The member must pay interest on the loan at a rate equal to 1% less than NYCERS' valuation rate. The current valuation rate, as of July 1, 1999 is 8%. Therefore, the current interest rate on Tier 4 loans is 7%
- When applying for a loan, the amount of your **new** loan becomes consolidated with the present value of any previous loan(s). Your repayment schedule will be based on the total of your new consolidated loan

- The minimum repayment is 2% of your gross salary per payroll period. However, if this repayment rate will not pay off the loan within five years, the repayment rate will be increased accordingly. Once set, the repayment schedule remains the same for each payroll period until the loan is paid in full or a new loan is negotiated. You may elect to repay your loan in a period of less than five years. NYCERS can tell you approximately how much your loan payment will be for the repayment period you elect
- Payments must be made through payroll deductions. However, if you resign, are terminated from City service, or you are not in pay status on the payroll of a *Participating Employer*, you may make arrangements with NYCERS to make periodic direct payments. There is a \$5.00 per-payment fee charged for making direct payments
- There is a \$20.00 fee for personal checks which are returned uncollectible by the bank

### **Consequences of Non-Payment**

- An outstanding loan balance at retirement will reduce a member's retirement benefit. Since interest continues to accrue on any unpaid loan up to the retirement date, the outstanding balance may increase to such a sizeable amount as to significantly decrease the retirement benefit that may be otherwise payable
- It is important that you contact NYCERS to make arrangements for direct payments, if you are no longer receiving a pay check from which loan payments are being deducted. This is especially true for Vested members
- A loan on which no payments have been made for over 90 days is termed a *Non-Performing Loan*
- If a member has a *Non-Performing Loan*, he or she forfeits all future entitlement to borrow from this system until the outstanding balance is fully repaid
- A *Non-Performing Loan* may have adverse tax consequences. See also the **TAXABILITY** section
- Insurance coverage is discontinued on a *Non-Performing Loan*. However, once a member starts making regular payments again, the loan will be considered to be insured, although it otherwise remains a *Non-Performing Loan*

### **Insurance**

- Insurance coverage is mandatory and applies only upon the death of the member
- All loans (except *Non-Performing* loans) that are fully insured 30 days after being issued
- There is a modest insurance premium (.3%) deducted from every loan payment. **You may not elect to waive the insurance premium**
- A *Non-Performing Loan* is not covered by loan insurance until regular payments resume
- For the first 30 days after a renegotiated loan is issued, the insurance coverage continues on the outstanding balance of the previous loan. The amount of the new loan will not be insured for the first 30 days
- The loan insurance rate is reviewed at least once a year. Loan insurance premiums may change over the life of a loan
- The terms and/or conditions of loan insurance coverage may be modified, or insurance coverage may be discontinued

## Taxability

### **prior to retirement**

Tier 4 loans are subject to taxation, if the total outstanding loan is both:

- Greater than \$10,000, **AND**
- More than 50% of the member's non-forfeitable accrued vested benefit

Members who apply for a Tier 4 loan will be advised that cumulative loans totaling more than \$10,000 may have Federal income tax consequences. The member will be informed of those consequences prior to distribution of a taxable loan.

NYCERS will issue loans that are tax-free, including the tax-free portion of higher requested loans. We will then send the member a letter, which will state one of the following:

1. (a) Part of the loan requested is taxable, **AND**
  - (b) A loan has been processed for the tax-free portion of the loan requested, detail the specific tax consequences of taking the balance of the loan requested, and give the member the opportunity to receive a supplemental loan, **OR**
  - (c) The loan requested is fully taxable, due to the prior outstanding loans, and if a loan is issued, the prior loan balance will also be subject to taxation on the Federal level.

When borrowing results in a consolidated loan amount over \$50,000, the excess over \$50,000 is subject to Federal income tax.

If the loan is not repaid within five years, then the outstanding balance at the end of the five-year period will be considered a taxable distribution. In addition, if loan payments are not made for a 90-day period, the IRS considers the loan to be a *Non-Performing Loan*, and all or part of the outstanding balance is deemed taxable. Subsequent loan payments will not negate the fact that a taxable distribution has been reported. Members who are under the age of 59 1/2, and have a taxable distribution due to a *Non-Performing Loan* or an outstanding loan balance at the end of the five-year period, will incur an additional 10% penalty on such distribution.

### **outstanding loan at retirement**

The outstanding loan balance at retirement is subject to federal taxation. Shortly after your retirement date, you will receive a letter from NYCERS advising you of the taxable amount of such outstanding loan. You can make arrangements to roll it over to an IRA, if you desire, thereby delaying the taxability.

- In addition to being taxable at the member's normal tax rate, a member under the age of 55 will incur an additional 10% penalty on such a distribution
- Members who are age 55 or older when they retire are not subject to the 10% penalty on such a distribution
- Members who are under age 59 1/2 and have a taxable distribution due to a *Non-Performing Loan* or an outstanding balance at the end of a five-year period, will incur an additional 10% penalty on such a distribution

**Before you file for retirement or resign from City service**, visit NYCERS' Customer Service Center to learn about the tax and retirement benefit consequences of an unpaid loan and about your repayment options.

**Loans on Additional Member Contributions (AMCs)**

Any outstanding loan against a *Participant's AMCs* will be deducted from the amount on deposit in the member's RRF account before it is refunded to the member. If there is no provision for a refund of *AMCs* in the *Participant's Program*, the amount of the outstanding loan against the *Participant's AMCs* will be deducted from the member's *MCAF* account before the refund is processed.

*Participants* in the 55/25 Program and the 57/5 Program are only eligible to borrow up to 75% of the AMC credited as employee contributions (plus interest earned thereon).

*Participants* in the following Special Occupational Group Programs may borrow against their *AMCs* under loan rules that apply to all Tier 4 members:

- Transit 25/55 Program
- TBTA 50/20 Program
- Dispatchers 25-Year Program
- EMT 25-Year Program
- Automotive Service 50/25 Program
- Special Officer 25-Year Program

*Participants* in the Sanitation 20-Year Program or the Deputy Sheriff 25-Year Program **may not borrow any portion of their *AMCs***.

# WHAT HAPPENS IF I LEAVE CITY SERVICE?

## REFUNDS

### **Refunds of the Basic Tier 4 Contributions**

There are various types of member contributions and regulations regarding how and when they may be withdrawn or refunded. All Tier 4 members are required to contribute 3% of their Wages. These basic Tier 4 contributions are held in a Member's Contribution Accumulation Fund (*MCAF*) account. Any Tier 4 member resigning or separated from City service with fewer than 10 years of *Credited Service* can request a refund of the amount in their *MCAF* account. However, if a member has at least five but less than 10 years of *Credited Service*, he or she must submit a form to NYCERS waiving their right to a Vested Retirement Benefit before a refund can be processed. This is necessary because any Tier 4 member, who leaves City service with at least five years of *Credited Service*, has the right to a Vested Retirement Benefit under the basic Tier 4, 62/5 or 57/5 Plan.

### **Refunds of Additional Member Contributions**

*Participants* in the 57/5; 55/25 and Special Occupational Group Programs are required to make *AMCs*. The percentages vary among the programs, and may also include an additional 1.98% for those who are employed in *Physically-Taxing Positions*. These *AMCs* are held in the RRF account, which is separate from the *MCAF* account.

The *AMCs* can be refunded as follows:

#### **The Age-57 Retirement Program (57/5 Program)**

Refund of the employee portion (50%) of the *AMCs*, with interest, is permitted only in the event of:

- Death
- Disability Retirement
- Service Retirement at age 62 or later
- Transfer to another New York City or State retirement system (including BERS, provided the *Participant* does not hold an Eligible Position for BERS' 57/5 Program)
- Refunds are also permitted in the case of resignation or separation from City service with less than 10 years of *Credited Service*
- Retirement entitling them to the physically taxing contribution (see notes following the 55/25 Program below)

#### **The 25-Year Early Retirement Program (55/25 Program)**

Refund of the employee portion (50%) of the *AMCs*, with interest, are permitted only in the event of:

- Death
- Disability Retirement
- Service Retirement at age 62 or later
- Termination for economic reasons, or

- Transfer to another New York City or State retirement system (including BERS, provided the Participant does not hold an *Eligible Position* for BERS' 55/25 Program)
- Refunds are also permitted (employee portion only) in the event of discontinuance of participation within two years of first becoming a Participant, or between 11/1/96 and 1/30/98, whichever is later, (by filing an election form with NYCERS to withdraw from participation in the Program), for members who cannot possibly accumulate 25 years of *Credited Service* by age 62
- Retirement entitling them to the physically taxing contribution (see note below)

**NOTE:** *Participants* in the 55/25 Program and the 57/5 Program who retire between the ages of 55 and 62, with 25 or more years of *Credited Service* in *Physically-Taxing Positions* (with *Active Service* as a *Participant* immediately prior to retirement, and a total of at least six months of *Active Service* as a *Participant* in each of the previous two 12-month periods) may receive a refund of the employee portion (50%) of their *AMCs* (at the 1.98% rate) that is attributable to *Credited Service* in *Physically-Taxing Positions*.

## TRANSFERS

### To Another NYS Public Retirement System

If you accept another position with the City or State of New York (or any of its political sub-divisions) that entitles you to membership in another City or State retirement system, you may be eligible to transfer your NYCERS membership to that system. If you wish to transfer, you must do so before you withdraw your *Accumulated Member Contributions*, or your membership is terminated by operation of law (see page 24). In order to transfer your *Accumulated Member Contributions* and your *Credited Service* to another system, you must file a form (Form # 321) with NYCERS within five years of the date you terminate covered employment. Check with NYCERS regarding transfer rules which apply to members who are vested and/or last joined NYCERS prior to July 16, 1989.

### From Another NYS Public Retirement System

If prior to becoming a member of NYCERS, you were a member of any other retirement system in New York City or New York State, and that membership has not been terminated, you may be eligible to transfer that membership to NYCERS. You should discuss this matter with a NYCERS' Customer Service Representative and a representative from your prior retirement system to determine your eligibility. If you are eligible to transfer a prior membership to NYCERS, you will have to start the process with your prior retirement system.

### Transferred Contributors

If you resign from all positions that entitle you to membership in NYCERS, and you accept another position in NYC service that entitles you to a membership in a different City retirement system, but not NYCERS, you may elect to remain a member of NYCERS as a Transferred Contributor in lieu of a transfer, provided you:

- Accept the other position within 60 days of resigning from your current job **AND**
- Do not withdraw your accumulated contributions **AND**
- Do not become a member of the other retirement system **AND**
- File an affidavit with NYCERS, and inform the other retirement system of your decision

Transfer to another New York City or State retirement system (including BERS, provided the Participant does not hold an *Eligible Position* for BERS' 55/25 Program) Refunds are also permitted (employee portion only) in the event of discontinuance of participation within two years of first becoming a Participant, or between 11/1/96 and 1/30/98, whichever is later, (by filing an election form with NYCERS to withdraw from participation in the Program), for members who cannot possibly accumulate 25 years of *Credited Service* by age 62 Retirement entitling them to the physically taxing contribution (see note below)

## WHAT HAPPENS IF I LEAVE CITY SERVICE? (continued)

Your Transferred Contributor status becomes effective as soon as you submit the proper forms to NYCERS, including a completed, irrevocable Transferred Contributor Waiver. As a Transferred Contributor, you continue to contribute a percentage of your pay and accrue benefits with NYCERS.

**Please Note:** Before making a decision, you should discuss your situation with representatives of both retirement systems. This is important since your rights and benefits with the new system may not be the same as those you have with NYCERS.

### POLICE OFFICERS AND FIREFIGHTERS

If you wish to transfer your NYCERS' membership to the NYC Police Pension Fund or the NYC Fire Department Pension Fund, you must apply to NYCERS for a transfer **within one year** from the date of your appointment as a City uniformed police officer or firefighter.

## VESTING

Vesting refers to your right to receive plan benefits, even if you terminate employment before you are eligible for payment of a Service Retirement Benefit. Vesting for each of the Special Occupation Group Programs is located within the specific Special Occupation Group Program section of this booklet. The following covers the 62/5, 57/5 Plans/Programs. There is no Vesting provision for the 55/25 Program.

### Eligibility

Members in either the 62/5 or the 57/5 Plan are eligible to vest their retirement benefit. For either plan you must have five years of credited service, at least two years of which are membership service, and have made all of your contributions for at least five years. The 62/5 vested retirement is payable at age 62. The 57/5 vested retirement is payable at age 57. However, a participant with 25 or more years of credited service in *Physically Taxing Positions*, with at least five years of which are membership service, can vest before age 50, with benefits payable at age 50.

There is no vesting provision for the 55/25 plan. Members who cannot meet both the age and service requirements of this plan may vest under the 62/5 plan. However, their retirement benefits will not be payable until they reach age 62.

### Filing Requirements

If you file a *Notice of Intent to Vest* (Form # 254) with NYCERS when you terminate employment, NYCERS will send you a notice of the approaching payability of your Vested Retirement Benefit and an application form approximately 90 days before your payability date. **You must file an application before you will begin receiving payment of your Vested Retirement Benefit.** You may file the application any time within 90 days before your payability date.

### Death Benefits For Vested Members

Tier 4 vested members with 10 or more years of *Credited Service* who die on or after January 1, 1997 are entitled to a death benefit equal to 50% of the benefit that would have been payable if the member had died on his or her last day of *Active Service*. Vested members generally are not eligible for a Post-Retirement Death Benefit.

**TO ENSURE THAT YOU RECEIVE APPLICATIONS FOR PAYMENT  
AND OTHER IMPORTANT NOTICES  
MAKE SURE TO NOTIFY NYCERS WHEN YOU CHANGE YOUR  
ADDRESS.**

### Vested Retirement Benefit

City employees whose employment ends after qualifying for a Vested Retirement Benefit will not be covered by City-paid health insurance until they begin receiving retirement benefit checks.

### The 62/5 (Basic Tier 4) Plan

Members enrolled in the 62/5 *Plan* will be eligible for a Vested Retirement Benefit payable at age 62, if they have five or more years of *Credited Service*, at least two years of which are *Membership Service*.

The Vested Retirement Benefit is computed in the same manner as the Service Retirement Benefit. Please refer to that section for details.

**The 57/5 Program**

*Participants* in the *57/5 Program* will be eligible for a Vested Retirement Benefit payable at age 57, if they have five or more years of *Credited Service*, at least two years of which are *Membership Service*.

A *Participant* with 25 or more years of *Credited Service* in *Physically-Taxing Positions* can vest before age 50, with benefits payable at age 50.

The Vested Retirement Benefit is computed in the same manner as the Service Retirement. Please refer to that section for details.

**The 55/25 Program**

There is no provision for vesting or deferring your retirement benefits under this program. Participants must meet both age and service requirements in order to be eligible for a service retirement.

Participants who do not meet the age and service requirements may vest their retirement benefit under the 62/5 Plan (five or more years of credited service payable at age 62).

**WHAT HAPPENS IF I LEAVE CITY SERVICE? (continued)**  
**TERMINATING MEMBERSHIP**

**Terminating Membership**

A NYCERS membership can be terminated in one the following ways:

- 1) A member with less than ten years of Credited Service may request a refund of their member contributions after separating from City service.
- 2) A member with less than five years of Credited Service with the passage of a five-year period after separating from City service - with or without having formally requested a refund.
- 3) The member retires.
- 4) The member transfers his or her membership to another NYS public retirement system.
- 5) The death of the member.

# **SERVICE RETIREMENT**

## **The Service Retirement Process**

### **Effective Date of Retirement**

All Tier 4 members, other than *Participants* in the Dispatchers' 25-Year Program, EMT 25-Year Program, Deputy Sheriff 25-Year Program, or Special Officers 25-Year Program may file a service retirement application to be payable the day that the application is filed with NYCERS, or the application may be filed for up to 90 days before it becomes effective.

You cannot be paid a retirement benefit from NYCERS while you are still on the payroll of the City or a *Participating Employer*, even if the checks you receive represent payment for accumulated leave or terminal leave, except payment of accumulated leave paid in a lump-sum after your retirement date.

### **What Happens After I Submit My Application For Service Retirement?**

We understand that after you file your retirement papers, you may become anxious as you wait for your first retirement payment. When will that payment arrive? What takes so long for the processing of my application and payment of my full pension?

We thought it might help you to know how each application is processed.

Please try to keep in mind that we can receive hundreds of retirement applications each month. Each one is important to us, and each takes time to process. Missing information, incomplete forms, and other unforeseen problems can lead to delays.

Here is a chronology of what happens to your retirement application:

1. Applications are time-stamped and processed. If you are eligible for a service retirement, your case is processed for an advance payment.
  - If you retire the 1st or 2nd of the month, you will receive an advance payment at the end of the month in which you retire
  - If you retire on the 3rd of the month or later, you will receive an advance payment at the end of the following month

**EXAMPLE:**

- If your retirement date is January 2, your first advance payment will be made on January 31
  - If your retirement date is January 3, your first advance payment will be made on February 28
2. Your file is checked for service and salary records; calculations are made and data is entered into the computer; missing information is requested from your agency and/or you when necessary.
  3. A computation of your benefits under various options available to you is done. You are sent a letter together with the appropriate option forms.
    - You will have 60-days in which to choose a permanent option (you should have selected a temporary option when you first filed for retirement)
    - If you do not choose an option in that 60-day period, your retirement benefit will be processed under the option you selected on your retirement application. If no option is selected by you on your retirement application and you do not file an option selection with NYCERS before the 60-day period after your option letter is mailed to you, you will be awarded the Maximum Retirement Allowance - the maximum benefit available to you without optional modification, with all payments ceasing upon your death
    - Your case will be processed on the basis of the last option filed by you with NYCERS
    - After you have selected an option (or one has been awarded to you) your file is processed for final computation of your retirement benefit
    - You are placed on the pension payroll for the full amount of the benefit payable to you under the option selected or awarded. This will include retroactive amounts from the retirement date
    - A letter is sent stating the details of the Retirement Option chosen. Also included is information you will need for Federal income tax purposes

**NOTE:** Starting with your first advance payment, Federal income taxes will be withheld based on the election you made on your retirement application.

Before filing an application with NYCERS, you must check with your agency to determine if you are entitled to payment of any terminal leave or accumulated annual leave. If it is determined that you are entitled to be paid on the payroll for any leave time due you, the agency will advise you what your last day of pay will be. The effective date of retirement requested on your service retirement application should be the day after the last day you are paid by your agency.

Members who are currently working, meet all eligibility requirements, and wish to retire, must file an application for service retirement with NYCERS. Members who file a properly completed retirement application will elect to be temporarily covered by either Option 1 (100% Joint-and-Survivor), or Option 4 (10-Year Certain). This is a precautionary measure afforded to you should you die before selecting the option of your choice. All of the Retirement Options are described in detail in the Retirement Options section of this SPD.

To follow up on your retirement application, option selection, lost check, direct deposit, withholding tax and other transactions, call NYCERS at (347) 643-3000. Our Call Center Associates are available to answer your questions. For calls outside NYC area codes call 1-877-6NYCERS. TTY (347) 643-3501.

## **Other Important Information You Should Know**

- The sooner you file an option selection, the sooner NYCERS can process your full retirement benefit
- You may not change an option once your first full payment has been sent to you
- If you move, you must notify NYCERS of the change of address in writing
- Taxes will automatically be withheld from all checks you receive from NYCERS based on the Federal tax table for a person who is married claiming three exemptions, unless you elect in writing to have taxes withheld on a different basis, or for no taxes to be withheld.
- Pension checks are dated the last day of each month and are sent two business days before that date. If you do not receive your check by the 10th day of the month, notify NYCERS. A lost check affidavit will be sent to you

**NOTE:** NYCERS cannot take a report of non-receipt of a pension check until the 10th of the month. But if you receive your pension check and then it is lost or stolen, advise us immediately and we will have a stop payment placed on the check.

- You may elect to have your payments directly deposited into your bank account by Electronic Fund Transfer (EFT). You should contact NYCERS to obtain the proper form for that purpose
- EFT ensures that your payment won't get lost or stolen, and that you won't have to make a special trip to the bank for deposits. Also, you won't have to wait for checks to clear. Funds are available in your bank account on the last day of each month. If the last day of the month is on a weekend or a holiday, the bank will normally credit your payment on the next business day
- NYCERS does not administer health insurance benefits. If you have any problems with coverage or deductions from your pension, you should call one of the following applicable Employees' Health Benefit Programs:

Office of Labor Relations - Health Benefits Division	(212) 513-0470
Transit Authority - Health Benefits Trust	(718) 243-4102
TBTA - Benefits Division	(646) 252-7936

## **Section 212 Limitations**

Section 212 of the Retirement and Social Security Laws (RSSL) sets the amount a retired person may earn in public employment without loss, suspension or diminution of his or her retirement allowance during a calendar year. For example, the maximum earnings in 2001 were \$18,500 and \$20,000 in 2002. These dollar limits change every year, so please ask NYCERS for a copy of the current legislation.

## **Withdrawing an Application for Service Retirement**

You may withdraw your application for service retirement by filing a written request with NYCERS **up to the day before your effective date of retirement.**

## **SPECIAL NOTICE CONCERNING IRS PENSION DOLLAR LIMITATIONS**

First, and foremost, **your pension will not be limited** by IRS regulation Section 415, **unless specific laws enacted after October 14, 1987 cause your annual pension to be increased beyond the dollar amounts in the table below.** And then only your total retirement benefit with the added amount will be subject to the limits - not your "basic" pension before any "enhancements" are added. It is also important to note that only a very small percentage of NYCERS' members are impacted by this pension limitation.

NYCERS is a defined benefit plan, and is therefore subject to certain IRS rules and regulations concerning limits on your annual pension payments. Your pension computed before any additional amounts added to your "basic" pension [such as an Early Retirement Incentive (ERI), COLA, and others] is **NOT SUBJECT TO IRC SECTION 415 LIMITATIONS.** In other words, if your pension, prior to any ERI, is not in excess of the maximums below, you will still collect your "basic" pension amount. However, if the ERI portion takes you over the limits shown in the table below, it may effectively be negated by these limitations at the time of your retirement.

### **NOTE:**

- Anyone who retired prior to October 14, 1987 is not subject to this limitation
- These limitations do not affect the vast majority of NYCERS members who retire with an ERI or other pension enhancement, because their annual pension does not exceed the dollar limits below

**HERE IS AN EXAMPLE OF HOW THE ABOVE LIMITATIONS ARE APPLIED:**

<b><u>AGE</u></b>	<b><u>IRS Section 415 LIMITS</u></b>
55	\$ 94,782
56	101,706
57	109,274
58	117,565
59	126,669
60	136,691
61	147,754
62 and over	160,000

Jane Smith is 56 years old and she retires. Her maximum annual "basic" pension is \$110,000. The IRS Section 415 limit for age 56 is \$101,706. However, the limitation does not apply to the "basic" pension amount, so she would collect the full \$110,000. Suppose that Jane Smith retired and she received additional service provided by an ERI (or other law enacted after 10/14/87). The ERI provides her with an additional \$5,000 in her pension benefit. She would not be able to collect that additional amount because now her "basic" + ERI benefit exceeds the maximum stipulated by the IRS. She could, however, eventually receive her full retirement benefit, including the ERI benefit, if/when the Consumer Price Index (CPI) increases raise the dollar amount of the Section 415 limits for her age at retirement (56) to at least \$115,000.

## Service and Age Requirements

The Maximum Service Retirement Benefit payable to you is calculated based on payments to you during your lifetime only. If you elect an option to provide for some type of benefit to your spouse or other beneficiaries, upon your death after retirement, your benefit will be reduced. Retirement Options are described on pages 31 and 32.

The provisions regarding service and age requirements, and retirement benefit calculations for the Special Occupational Group Programs can be found within the specific Special Occupational Group Program section. The following applies to the General Membership Plans/Programs (62/5, 57/5, 55/25).

### The 62/5 Plan

A member must be at least age 62 and have five or more years of *Credited Service*, of which two years is *Membership Service*, to be eligible to receive a Service Retirement Benefit. Legislation enacted in 2000 allows you to retire earlier than age 62, but no earlier than age 55. There is a lifetime reduction in your retirement benefit if you retire prior to age 62 (refer to the chart on page 30). A member may vest his or her pension, with payability at age 62, if he or she has at least five years of *Credited Service*.

### SPECIAL NOTE ON PAYABILITY AGE OF TBTA MEMBERS

TBTA members may be eligible to receive payment of the 62/5 (*Basic Tier 4*) Plan Service Retirement Benefit before reaching age 62, and as early as age 55. Benefit are calculated based on the type and amount of service you have, as explained in the following:

- Six months prior to age 62 for each full year of *Credited Service* in a *TBTA Eligible Position* performed before January 1, 1971, **and**
- Four months prior to age 62 for each full year of *Credited Service* in a *TBTA Eligible Position* performed after December 31, 1970 but prior December 31, 2002.

**NOTE:** Regardless of the amount of service credit you have, payments cannot be made earlier than age 55

### The 57/5 Program

A *Participant* must be at least age 57 and have five or more years of *Credited Service*, of which two years is *Membership Service*, to be eligible to receive a Service Retirement Benefit. A *Participant* with 25 or more years of *Credited Service* in *Physically-Taxing Positions* may retire as early as age 50 with no reduction in benefit due to age.

### The 55/25 Program

A *Participant* must be at least age 55 **AND** have 25 or more years of *Credited Service*, of which at least two years is *Membership Service*, to be eligible to receive a Service Retirement Benefit. *Participants* must meet **BOTH** the **AGE** and **SERVICE** requirements of the Program. A *Participant* with 25 or more years of *Credited Service* in *Physically-Taxing Positions* may retire as early as age 50 with no reduction in benefit due to age.

## Service Retirement Benefit Calculations

A deficit in any of your contribution accounts, or outstanding loans at retirement may result in a reduction in your retirement benefit.

## RETIREMENT OPTIONS

### The following Retirement Options apply to all Tier 4 Service Retirements, Vested Retirements or Disability Retirements

When you prepare for retirement, there are several questions you will want to answer:

- ✓ Do you want to provide continuing retirement income to your spouse, partner or survivor after your death?
- ✓ What is the cost of continuing your retirement income?
- ✓ What will be the effect on your retirement allowance?

If you choose, you can provide for continuing income to your designated beneficiary by selecting an option. Electing an option means you will receive a reduced lifetime retirement allowance in exchange for providing some type of continuing payments to your beneficiary. If you do not select an option either on your retirement application or by way of filing an option selection form with NYCERS in a timely manner, as explained previously, you will be awarded the Maximum Retirement Allowance with all payments ceasing upon your death. For further details on options, request NYCERS brochure *Options for Tier 4 Members* (Form # 926).

#### **Maximum Retirement Allowance**

If you have no spouse, partner or children who are dependent upon you for financial support, or you need to maximize your retirement income, you may decide not to elect an option. The Maximum Retirement Allowance provides the greatest benefit, payable to you while you are retired, for as long as you live. However, after your death, no further payments will be made.

#### **Option 1 (100% Joint-and-Survivor)**

This option is intended for those who wish to insure that after their death, a designated beneficiary will continue to receive a fixed annual lifetime benefit. Option 1 is a reduced benefit that is payable to you for your lifetime. It also guarantees that the same reduced benefit will continue to your surviving designated beneficiary for life. Payments cease upon the death of both you and your beneficiary.

Because Option 1 guarantees two specific people an income for life, the life expectancies of the retiree as well as the beneficiary are taken into consideration. Therefore, under Option 1, once you designate a beneficiary and the option is in force, you cannot change your beneficiary designation. **Even if your designated beneficiary dies before you, you will continue to receive the reduced lifetime allowance.**

### **Option 2 (25% - 50% - 75% Joint-and Survivor)**

Option 2 is a reduced benefit that is payable to you for your lifetime. It guarantees that a percentage of your retirement allowance will be payable to your designated beneficiary for his or her lifetime. Your beneficiary, if he or she survives you, will receive 75% or less (in 25% increments) of the allowance paid to you, depending on the percentage you choose at the time you elect this option. All payments cease after the death of both you and your designated beneficiary.

Because Option 2 guarantees two specific people an income for life, the life expectancies of the retiree as well as the beneficiary are taken into consideration. Therefore, under Option 2, once you designate a beneficiary and the option is in force, you cannot change your beneficiary designation. Even if your designated beneficiary dies before you, you will continue to receive the reduced lifetime allowance.

### **Option 3 (Five-Year Certain)**

This option provides the retiree a reduced lifetime benefit. If the retiree dies within five years of retirement, the reduced retirement benefit will continue to be paid to the surviving primary beneficiary for the unexpired balance of the five-year period. If the designated primary beneficiary predeceases the retiree, the balance of the payments due for the remainder of the five-year period is continued to the retiree's contingent beneficiary, if there is one. If none exists, it is paid in a lump-sum to the estate of the retiree. Should the designated primary beneficiary also die, after having started to receive payments, the balance will be paid in a lump-sum to the retiree's designated contingent beneficiary. If none exists, the lump-sum balance is paid to the estate of the primary beneficiary. Unlike Options 1 and 2, you may change your beneficiary with this Option.

### **Option 4 (Ten-Year Certain)**

This option provides the retiree a reduced lifetime benefit. If the retiree dies within ten years of retirement, the reduced retirement benefit will continue to be paid to the surviving primary beneficiary for the unexpired balance of the ten-year period. If the designated primary beneficiary predeceases the retiree, the balance of the payments due for the remainder of the ten-year period is continued to the retiree's contingent beneficiary, if there is one. If none exists, it is paid in a lump-sum to the estate of the retiree. Should the designated primary beneficiary also die, after having started to receive payments, the balance will be paid in a lump-sum to the retiree's designated contingent beneficiary. If none exists, the lump-sum balance is paid to the estate of the primary beneficiary. Just like Option 3, you may change your beneficiary with this Option.

### **Option 5 ( 50% or 100%)**

This option is known as the "Pop-Up" option. You decide if you want your surviving designated beneficiary to receive the same lifetime allowance (100%) as you, or 50% of that allowance. However, should your designated beneficiary predecease you, your retirement allowance will "pop-up" to the Maximum Retirement Allowance, for the remainder of your life. All payments would then cease upon your death. Because this Option guarantees two specific people an income for life, the life expectancies of the retiree as well as the beneficiary are taken into consideration. Therefore, under this Option, once you designate a beneficiary and the option is in force, you cannot change your beneficiary.

# DISABILITY RETIREMENT

## Eligibility

As a member, you are eligible to receive a Disability Retirement Benefit at any age, if:

You have 10 or more years of *Credited Service* and

NYCERS' Medical Board determines

- a) that you are physically or mentally incapacitated to perform the duties of your job title, and
- b) that you were so incapacitated at the time you ceased performance of your duties.

### **Or**

You have less than 10 years of *Credited Service* and

The NYCERS' Medical Board determines

- a) same as above.
- b) same as above, **plus**
- c) your disability is the result of an accidental injury sustained while a NYCERS member in City service, in the performance of your duties, and not caused by your own willful negligence.

## Definition of an Accident

The term *Accident* has been defined by the courts as: *A sudden, fortuitous mischance, unexpected, out of the ordinary, and injurious in impact.* Not every line of duty injury results in the award of an Accident Disability Retirement Benefit. Injuries sustained while performing routine duties, not resulting from unexpected events, are not *Accidents*. Injuries sustained by sudden, unexpected events which are not a risk of the work performed, are usually considered to be *Accidents*.

### FOR EXAMPLE:

- ✓ A disabling injury sustained by a member due to "incidents" which involve routine lifting or bending **would not** qualify as an *accident*.
- ✓ A disabling injury sustained by a member, while in the performance of duty, due to a fall on a slippery substance, (such as oil or ice), generally **would** qualify as an *accident*.

## Special Notice Regarding Completing Accident Reports

In order to avoid disputes and ensure timely disposition of your application, a written report should be prepared by you and your supervisor/manager, **at the time of the event.** **The report needs to** accurately and completely describe all injuries, conditions and the event surrounding them. If there was anything out of the ordinary that caused your injury, or any contributing factor(s), such as weather or a slippery surface (ice, grease, refuse, etc.), make sure to describe them clearly and thoroughly on your accident report, even if it means attaching an addendum due to a lack of space on the form(s). If there were any witnesses to the incident, make sure to list them and have them prepare a written report about the incident.

As a minimum, an accident report should provide all details concerning the object, conditions and/or substance that directly caused the injury.

**FOR EXAMPLE:**

- ice which was slipped on,
- the machine that struck you, etc.  
**and**
- the particular job or task being performed at the time of the injury

The report should note any other factor that may have contributed to the injury.

**NYCERS' MEDICAL BOARD AND THE BOARD OF TRUSTEES MAKE DECISIONS ON DISABILITY APPLICATIONS. THEY ARE LIKELY TO BELIEVE THAT DISABILITY REPORTS FILED AS SOON AS POSSIBLE AFTER AN ACCIDENT OR OTHER EVENT HAVE GREATER CREDIBILITY THAN REPORTS FILED AFTER A DELAY.**

**Filing an Application for Disability Retirement**

You must file an application for a Disability Retirement Benefit:

- a) within three months from the last date you were being paid on the payroll, **OR**
- b) if you were placed on a leave of absence without pay for medical reasons, either voluntarily or involuntarily, at the time that you ceased being paid on the payroll, no later than 12 months after the date you receive notice that your employment has been terminated.

The application must be filed by you, **or**

- by a person with legal authority to act on your behalf
- by the head of the agency where you are employed on a form furnished by NYCERS, which must be accompanied by proof substantiating the application, including your Personal Report and a physician's Report of your disability

**Filing an Application for Disability Retirement**

You will need the following:

- Form # 801 - *Instructions for Members Applying for Disability Retirement*
- Form # 604 - *Application for Disability Retirement for Tier 4 Members*
- Form # 605 - *Applicant's Report of Personal Disability*
- Form # 606 - *Physician's Report of Disability*
- Form # 608 - *General Authorization for Release of Medical Information*
- Form # 609 - *Questionnaire to be Completed by Applicant for Disability Retirement*

You should also request our brochure on Disability Retirement - Form # 922

### **Withdrawing an Application for Disability Retirement**

Provided that NYCERS' Medical Board has not yet finalized its findings, you may withdraw your application for a Disability Retirement Benefit upon written request to NYCERS. You will have to complete Form # 619 in order for your application to be officially withdrawn.

### **Appearing Before NYCERS' Medical Board for Examination**

You **MUST** appear before NYCERS' Medical Board when scheduled for an interview and examination, or provide proof that you were medically unable to do so. Failure to do so will result in the suspension or closure of your disability retirement application and depending on your employment status you may not be eligible to re-apply. Please note that you will have to be examined by the Medical Board before a decision can be made on your application for disability retirement.

### **Disability Retirement Benefit Formula**

The disability benefit in both cases \* **is the greater of:**

- $1\frac{2}{3}$  % times Final Average Salary (*FAS*) times the years of *Credited Service*.

**OR**

- 1/3 of your FAS,

**EXCEPT**

where a member is eligible to receive a Service Retirement Benefit, and that benefit is greater than either of the above calculations, then the member will receive a Disability Retirement Benefit equal to the Service Retirement Benefit.

\* Disability with 10 or more years of *Credited Service* or disability that is due to an accident. EMS personnel see page 38.

The disability retirement date is effective 30 days after the application is filed with NYCERS, or the day after the last day the member was paid on his or her employer's payroll, whichever is **later**.

### **Re-Examination**

In some cases, the Medical Board may approve a disability retirement application contingent on re-examination at a later date. Once a year, any person retired on a Tier 4 Disability Retirement may be required to be re-examined by NYCERS' Medical Board.

If upon re-examination the Medical Board determines that you are no longer disabled, the Department of Citywide Administrative Services will place your name on a list of preferred eligible candidates for appointment to a position in a salary grade not exceeding that from which you were retired. Your Disability Retirement Benefit will be paid to you until such time as you are **offered** a position in public service. If you return to work, or if you fail to return to work when offered a position in public service, NYCERS will discontinue payment of your Disability Retirement Benefit.

Members retired by reason of disability for more than one year may request a re-examination by the NYCERS' Medical Board to establish their ability to return to work. You must contact NYCERS immediately upon your return to work, so that you can be restored to active membership. Failure to do so may jeopardize your rights to future benefits from this system.

### **Earnings Limitations While Receiving Disability Retirement Benefits**

If you are employed while receiving a Disability Retirement Benefit from NYCERS, your *Personal Service Income* is subject to a yearly cap called the *Income Limitation*. The *Income Limitation* changes each year based on increases or decreases in the Consumer Price Index (CPI). If your *Personal Service Income* exceeds the *Income Limitation* in any year, by any dollar amount regardless of how much or how little, your Disability Retirement Benefit will be **suspended** for 12 months.

### **Personal Service Income**

You will be required to file an annual report with NYCERS disclosing any *Personal Service Income* you earned (not including any Disability Retirement Benefit received from NYCERS or Social Security benefits) during the preceding calendar year. In addition to the limitations on your *Personal Service Income*, other rules may apply to your employment while you are disabled. In order to be informed of limitations that may apply to you, you should discuss your plans with NYCERS before accepting employment.

### **Income Limitation**

The *Income Limitation* is a fixed dollar amount that limits your *Personal Service Income* in any calendar year while you are receiving a Tier 4 Disability Retirement Benefit from NYCERS. At the end of each year, the *Income Limitation* is established by adding (or subtracting) the CPI percentage increase (or decrease) for that year to (or from) the *Income Limitation* for the prior year. The *Income Limitation* for past years has been:

<b>YEAR</b>	<b>INCOME LIMITATION</b>
1987	\$14,300
1988	14,900
1989	15,600
1990	16,600
1991	17,100
1992	17,600
1993	18,000
1994	18,500
1995	19,000
1996	19,600
1997	19,900
1998	20,200
1999	20,800
2000	21,400
2001	21,700

### **Final Medical Review**

Chapter 607 of the Laws of 1998 gave Tier 4 members the opportunity to contest the findings and recommendation of the NYCERS' Medical Board through a process called Final Medical Review.

In order to elect Final Medical Review, you must sign a waiver notifying NYCERS of your intent. In addition, a request must be made on your behalf by either your bargaining representative or by the head of the agency in which you are employed. The request and the completed waiver must be received by NYCERS within 45 working days from your receipt of the Board of Trustees' letter. Information on Final Medical Review is sent after the Board of Trustees ratifies the Medical Board's recommendation

NYCERS will forward the medical evidence and the Medical Board reports, based on the application upon which you have requested Final Medical Review, to a Special Medical Committee of three independent doctors, that is selected by a Final Medical Review Coordinator. You may not submit any additional medical evidence to these doctors. Your union and the City will pay the fee for each examination.

The findings and recommendation of the Special Medical Committee is final and conclusive. Therefore, you cannot take any legal proceeding in this regard nor can you re-file for Disability Retirement for the same illness.

### **Line of Duty Disability Retirement for Members employed by EMS**

As of March 17, 1996 a member employed in the NYC Emergency Medical Service, as an EMT, Advanced EMT, or a supervisor of such titles, who is disabled as the result of an injury sustained in the line of duty is eligible for a special disability benefit. That benefit is equal to 75% of the member's final average salary **minus** 100% of the annual payment from the Workers' Compensation Board associated with the injury.

**There is no requirement that an accident occurred in order to be eligible for this benefit if such disability is caused by one of the following:**

- 1) HIV (where the employee may have been exposed to a bodily fluid of a person under his or her care or treatment, or while the employee examined, transported or otherwise had contact with such person, in the performance of his or her duties).
- 2) hepatitis, or
- 3) tuberculosis.

It is presumed to have occurred in the line of duty; unless the contrary is proved by competent evidence.

**There is no income limitation on post retirement earnings under this benefit.**

## SURVIVOR BENEFITS

Your designated beneficiary is entitled to a survivor benefit if you die before retirement, whether death occurs on or off the job.

Benefits are paid as:

- An **ORDINARY DEATH BENEFIT** payable to a *Designated Beneficiary* **OR**
- An **ACCIDENTAL DEATH BENEFIT** payable to an *Eligible Beneficiary*

### Ordinary Death Benefit

Ordinary Death Benefits will be paid only if:

- you were being paid on the payroll at the time of your death,  
**OR**
- you were off the payroll (see NOTE below), or were on an authorized leave without pay at the time of your death, **and**
- you were on the payroll, in service and paid within the last 12 months before death,  
**and**
- you were not gainfully employed since last on the payroll,  
**and**
- you had credit for one or more years of continuous service since you last entered the service of your employer

### NOTE:

Effective October 1, 2000, a Tier 4 member of NYCERS shall be deemed to have died on the payroll if the death of such member occurs while he or she is on an authorized leave of absence without pay for medical reasons which has continuously been in effect since the member was last paid on the payroll, provided that he or she was in service and last paid on the payroll **within the four-year period prior to his or her death.**

### Electing a Death Benefit

If you became a member of NYCERS prior to January 1, 2001, you were required to irrevocably choose between Death Benefit Plan 1 and Death Benefit Plan 2.

**SPECIAL NOTE:** Pursuant to legislation enacted in 2000, beneficiaries of Tier 4 members who die in service will receive the greater of Death Benefit Plan 1 or Death Benefit Plan 2 **if the member had selected Death Benefit Plan 1.** If, however, the deceased member had selected Death Benefit Plan 2 and Death Benefit Plan 1 would be a greater benefit, Death Benefit Plan 2 is still payable.

Any person who becomes a member of NYCERS on or after January 1, 2001 will automatically be covered by Death Benefit Plan 2.

If you die in *Active Service* and your death is not work related, or if your death is work related and the Ordinary Death Benefit is elected in lieu of the Accidental Death Benefit, your *Designated Beneficiary* will receive the following:

## DEATH BENEFIT PLAN 1

## **DEATH BENEFIT FOR MEMBERS OF THE TRANSIT OPERATING-FORCE AND THE UNIFORMED-FORCE OF THE NYC DEPARTMENT OF SANITATION**

A member of the Transit operating-force or the uniformed-force of the NYC Department of Sanitation who dies in service is covered by a death benefit upon completion of 90 days of service, provided the member was being paid on the payroll at the time of death.

The amount of the death benefit is equal to three times the member's salary, raised to the next higher multiple of \$1,000.

This benefit is in addition to payment of the *MCAF*.

### **ALTERNATIVE DEATH BENEFIT FOR MEMBERS WHO JOINED NYCERS BEFORE JULY 26, 1986**

Alternatively, in the event of the death of a member in *Active Service* who joined NYCERS before July 26, 1986, there may be paid to the member's *Designated Beneficiary* or estate, as the case may be, a lump-sum death benefit or an annuity based thereon, calculated by multiplying one-twelfth of the *Wages* earned by such member during the last 12 months of *Active Service* while a member, by the number of years of *Credited Service*. The years of *Credited Service* may not exceed 36. This benefit may be paid if greater than the Tier 4 death benefit payable under Plans 1 or 2 as described above.

### **Accidental Death Benefit**

If NYCERS determines that your death was the natural and proximate result of an accident not caused by your own willful negligence, sustained in the performance of your duties in *Active Service*, your *Eligible Beneficiary* will be entitled to an annual benefit equal to 50% of the *Wages* you earned during the last year of service, or your annual wage rate if you had less than one year of service.

**Note: Payment does not include the member's contributions. The Accidental Death Benefit will not be reduced by any Workers' Compensation that may have been collected in conjunction with this accident.**

An Accidental Death Benefit is paid to an *Eligible Beneficiary* in the following order of priority:

- your spouse, until remarriage, unless he or she has renounced survivorship rights
- to each of your children until he or she reaches age 25
- to your parents who depend on you for support
- to any person who qualified as a dependent on your final Federal income tax return, until age 21 **OR**
- anyone you name as your beneficiary for your Ordinary Death Benefit

### **IMPORTANT NOTE:**

**Should your death be the result of an on-the-job *accident*, and if no *Eligible Beneficiary* (as listed above) exists at the time of your death, then the Accidental Death Benefit may be paid, upon application, to the person designated as the beneficiary to receive payment of your Ordinary Death Benefit.**

In the event a class of your *Eligible Beneficiaries* consists of more than one person, benefits will be divided equally among such persons.

An application for an Accidental Death Benefit must be filed by your beneficiary and received by NYCERS within 60 days after your death. The 60-day period may be waived provided an Ordinary Death Benefit has not been paid.

Based upon the recommendation of NYCERS' Medical Board, the Board of Trustees will make a determination as to whether the requirements for an Accidental Death Benefit have been met in each case.

Prior to the Board of Trustees' determination, the appropriate beneficiary may request a review of the case by a Trial Committee.

### **Naming Beneficiaries**

When you join NYCERS, you are asked to name a beneficiary or beneficiaries. Your current designation is shown in the Annual Disclosure Statement that you receive from NYCERS. You have the option of changing your designation of beneficiary at any time while a member. If you choose to make a change, you do so by filing the appropriate form with NYCERS.

### **How to File for Death Benefits**

Your beneficiary should notify NYCERS of your death.

Upon receipt of a death certificate, NYCERS will:

- calculate any benefits due
- mail claim forms and instructions to your beneficiary
- outline payment choices

## TIER 3 RIGHTS FOR CERTAIN TIER 4 MEMBERS

### Eligibility

If you last joined a public employee retirement system of the City or State of New York after July 26, 1976 and **prior** to September 1, 1983, you are eligible to elect Tier 3 benefits. Tier 3 benefits may be more advantageous to you than Tier 4 benefits, or they may be the only benefits to which you are entitled.

**IF YOU LAST JOINED A PUBLIC EMPLOYEE RETIREMENT SYSTEM  
OF THE CITY OR STATE OF NEW YORK AFTER AUGUST 31, 1983,  
YOU ARE COVERED ONLY BY TIER 4 BENEFITS  
AND DO NOT HAVE THE OPTION OF ELECTING TIER 3 BENEFITS.**

Prior to Chapter 553 of the Laws of 2000, there was no early retirement provision for Tier 4 members, thus, if you wanted to retire prior to age 62, you would invoke your Tier 3 rights. Currently, Tier 4 generally provides greater benefits than Tier 3. However, depending on the circumstances, there may be individual situations where Tier 3 benefits are preferable, or are the only benefits to which you are entitled.

You may not mix the provisions of Tiers 3 and 4 to change the eligibility requirements for a benefit under either plan. Many Tier 3 features are either similar or identical to Tier 4. The more significant differences are explained below.

### Contributions

Both Tier 3 and Tier 4 members are required to contribute 3% of *Wages*. However, under Tier 3, the 3% contribution is not required after 30 years of *Credited Service*.

### Service Credit

As with Tier 4, Tier 3 Credited Service includes:

- X *Membership Service*, (see page 6)
- X *Military Service*, (see page 9)
- X *Part-Time Service*, (see page 11)
- X *Previous Service*, (see page 6)
- X *Transferred Service*, (see page 6)

**Tier 3 members, unlike Tier 4 members, cannot purchase previous service credit earned while a member of a New York State or another City (non-NYCERS) retirement system.**

## TIER 3 RIGHTS FOR CERTAIN TIER 4 MEMBERS

### Service Retirement

Tier 3 permits you to elect to receive a **reduced** Early Service Retirement Benefit beginning between ages 55 and 62. Since legislation enacted in 2000, the *Basic Tier 4 Plan* also has this early service retirement provision.

If you are a Tier 4 member with Tier 3 rights, with at least ten years of *Credited Service*, including at least five years of *Membership Service*, and reached age 55, you are eligible to receive a Tier 3 Early Service Retirement Benefit. In addition to a reduction due to age, your benefit amount will be further reduced by 50% of the Primary Social Security Benefit<sup>+</sup> paid to you when you reach age 62.

- <sup>+</sup> **PLEASE NOTE:** For offset purposes, your Primary Social Security Benefit is calculated only on the basis of your earnings in covered employment for which you also received *Credited Service* in NYCERS.

### Tier 3 Service Retirement Benefit

Your Service Retirement Benefit (at age 62) is calculated as follows:

- **If you have less than 20 years of *Credited Service*:**  
1 <sup>2</sup>/<sub>3</sub> % times *Final Average Salary (FAS)* times the years of *Credited Service*,  
**minus**  
50% of your Primary Social Security Benefit, as noted above
- **If you have 20 or more years of *Credited Service*:**  
2% times *FAS* times the years of *Credited Service* (up to a maximum of 30 years of *Credited Service*),  
**minus**  
50% of your Primary Social Security Benefit, as noted above

### Tier 3 Early Service Retirement Benefit

Your Early Service Retirement Benefit (between ages 55 and 62) is calculated and reduced as follows:

- **If you have less than 20 years of *Credited Service*:**  
1 <sup>2</sup>/<sub>3</sub> % times *Final Average Salary* times the years of *Credited Service*
- **If you have 20 or more years of *Credited Service*:**  
2% times *Final Average Salary* times the years of *Credited Service* (up to a maximum of 30 years of *Credited Service*)

**NOTE:** A deficit in your *MCAF* will result in a reduction in benefit in the Tier 3 Service Retirement Benefit and the Tier 3 Early Service Retirement Benefit.

<b>YOUR BENEFITS WILL BE SUBJECT TO THE FOLLOWING REDUCTIONS AT RETIREMENT</b>	
<b>AGE AT RETIREMENT</b>	<b>PERCENTAGE OF BENEFIT REDUCTION</b>
61	6.7%
60	13.3%
59	16.7%
58	20.0%
57	23.3%
56	26.7%
55	30.0%

After your 62nd birthday, your Maximum Retirement Benefit (before reduction for a survivor option) will be further reduced by 50% of the Primary Social Security Benefit paid to you, as noted on pg. 72.

**SPECIAL NOTICE CONCERNING UNPAID LOAN BALANCE**

Non-payment of an outstanding loan may significantly decrease retirement benefits due you, will trigger a Federal tax liability, and may result in a tax penalty on the outstanding balance.

Two to three months after your retirement date, you will receive a letter stating the taxable amount of your outstanding loan. The letter will remind you that you may defer your tax liability by rolling the taxable amount into an IRA account.

**Before you file for retirement**, visit NYCERS to learn about the tax and retirement benefit consequences of an unpaid loan and about your repayment options.

**Escalation: Post-Retirement Increases**

If you retire on or after age 65, your Service Retirement Benefit increases by up to 3% a year, if the cost of living increases by 3% or more the preceding year. If the cost of living decreases in the preceding year, your benefit will be reduced by a corresponding percentage, but never by more than 3% in any year. In no event will your benefit be reduced below the amount of your initial benefit at retirement.

If you retire between ages 62 and 65, your Escalation will be reduced by 1/36 for each month your retirement precedes age 65. In order to qualify for full post-retirement increases, you may postpone receipt of your Service Retirement Benefit until your 65th birthday. **Tier 4 does not provide for post-retirement increases.**

## TIER 3 RIGHTS FOR CERTAIN TIER 4 MEMBERS

### In Summary

Tier 3 Service Retirement Benefits:

- are payable at a reduced rate as early as age 55;
- are further reduced by 50% of your Primary Social Security benefit, after your 62nd birthday, and include automatic post-retirement increases (or decreases) in percentages which vary according to your age when you begin to receive retirement benefits

### Vesting

Vesting refers to your right to receive future plan benefits. If you terminate City employment with five or more years of *Credited Service*, including at least five years of *Membership Service*, you are entitled to receive an unreduced Vested Retirement Benefit after your 62nd birthday, or on a reduced basis as early as age 55, provided you made all required 3%, Tier 4 contributions. A deficit in your *MCAF* will result in a reduction in your benefit.

### Filing Requirements

If you file a Notice of Intent to Vest with NYCERS when you terminate City employment, NYCERS will send you a notice and an application form (approximately 90 days) before you reach the date you have selected to begin receiving payment of your Vested Retirement Benefit (between ages 55 and 65). You must file an application before you will begin receiving payment of your Vested Retirement Benefit. You may file an application at any time within 90 days of the date you have selected to begin receiving benefits.

### Vested Retirement Benefit:

- **If you have less than 20 years of *Credited Service*:**  
1 <sup>2</sup>/<sub>3</sub> % times *FAS* times the years of *Credited Service*
- **If you have 20 or more years of *Credited Service*:**  
2% times *FAS* times the years of *Credited Service* (up to a maximum of 30 years of *Credited Service*)

If you elect to receive your Vested Retirement Benefit prior to age 62:

- your benefit will be reduced by 50% of the Primary Social Security Benefit paid to you when you reach age 62, and
- benefits are immediately reduced according to the following schedule:

AGE AT PAYABILITY	PERCENTAGE OF BENEFIT REDUCTION
61	6.7%
60	13.3%
59	16.7%
58	20.0%
57	23.3%
56	26.7%
55	30.0%

## TIER 3 RIGHTS FOR CERTAIN TIER 4 MEMBERS

You may postpone receipt of your Vested Retirement Benefit until your 65th birthday, in order to be eligible for full post-retirement escalation or until the age 62 for partial post-retirement Escalation (see page 73).

**NOTE:** Vested members are generally not eligible for Post Retirement Death Benefits.

**PLEASE NOTE:** City employees whose employment ends after qualifying for a Vested Retirement Benefit will not be covered by City-paid health insurance until they begin receiving retirement benefit checks.

Transit Authority employees whose employment ends after qualifying for a Vested Retirement benefit should contact the Authority to obtain information on medical benefits.

### **Retirement Options**

Tier 3 provides almost the same benefit payment choices as Tier 4 (see pages 33 through 34) except Option 2 which is as follows:

#### **Option 2:**

Other Joint-and-Survivor Option

You receive a reduced monthly lifetime benefit. After your death, your surviving beneficiary receives 90% or less (you decided on the amount in increments of 10%) of your reduced benefit. You can name only one beneficiary, and cannot change the beneficiary you name. If your beneficiary dies before you do, your reduced benefit remains unchanged and for your lifetime, but ceases upon your death.

#### **In-Service Survivor Annuity Option**

Tier 3 members may be eligible to elect a special In-Service Survivor Annuity Option. If you are in *Active Service*, or if you have deferred receipt of benefits and have reached age 55, you may elect to provide financial protection for your beneficiary should you die before your retirement benefits commence. Under this option, you can elect to provide your beneficiary with a joint and survivor annuity under Options 1 or 2 to be payable should you die between ages 55 and 62, or at any later time before your retirement benefit begins.

If you elect this option, you pay the cost of this protection. Tier 3 benefits payable to you, or your survivor, are actuarially reduced to finance the cost of the survivor annuity. Moreover, the survivor annuity will be paid in lieu of any other death benefit available, unless such other benefit is greater.

If you are eligible to elect the In-Service Survivor Annuity Option, you should contact NYCERS to discuss the advantages or disadvantages of making this election.

#### **Disability Retirement Benefits**

If you are a Tier 4 member with Tier 3 rights (you became a member of NYCERS on or after July 27, 1976 but before September 1, 1983), you may be eligible to receive a Tier 3 Ordinary or Accidental Disability Retirement Benefit, even if you are not eligible for a Tier 4 Disability Retirement Benefit. You are entitled to apply for all three benefits simultaneously, as explained below. If you apply for and are awarded all three benefits, you must select the one benefit you want to receive.

## TIER 3 RIGHTS FOR CERTAIN TIER 4 MEMBERS

**EXAMPLE:** You are eligible for a Tier 3 Ordinary Disability Retirement Benefit if:

- If you are awarded Primary Social Security Disability Benefits, **and**
- you have at least five, but less than ten years of service

**Tier 4 Disability Retirement Benefits, which are not reduced by Primary Social Security Disability Benefits, often provide a higher benefit than Tier 3.** However, a Tier 3 Disability Retirement Benefit may be the only benefit available to a member whose disability is not the result of a service-connected accident, and who does not have credit for enough years of service to qualify for a Tier 4 Disability Retirement Benefit.

### **Ordinary Disability Retirement Benefits Eligibility**

- You qualify for an Ordinary Disability Retirement Benefit if you meet **ALL** of the following eligibility requirements:
- you have at least five years of Service (defined as any combination of *Credited Service* as a NYCERS member or Prior Service), **and**
- you have been found disabled by the Social Security Administration and are awarded Primary Social Security Disability, **and**
- your application for Ordinary Disability Retirement is filed while you are in *Active Service* (see definition below)

If at the time of your retirement you are eligible for an Ordinary Disability Retirement Benefit, NYCERS will pay the greater of either your Service Retirement or Ordinary Disability Retirement.

You will be considered to be in *Active Service*, for the purpose of filing an application for Tier 3 Ordinary Disability Retirement if:

- you are on an authorized leave of absence without pay, **and**
- your leave was granted for medical reasons, **and**
- your leave has been in effect continuously since you were last paid on the payroll, **and**
- two years have not elapsed from the date you were being paid on the payroll

### **Benefit Formula**

If your application for Ordinary Disability Retirement is granted, you will receive an annual benefit equal to the greater of:

**A** 33 <sup>1</sup>/<sub>3</sub> % times your *FAS*

**OR**

**B** 2% times your *FAS* times the years of *Credited Service*

### **Both A and B are reduced by:**

- 50% of your Primary Social Security Disability Benefits
- AND**
- 100% of any Workers' Compensation payments

## TIER 3 RIGHTS FOR CERTAIN TIER 4 MEMBERS

### **Escalation: Post-Retirement Increases**

Tier 3 Ordinary Disability Retirement Benefits increase up to 3% a year if the cost of living increases 3% or more each year. If the cost of living decreases in the preceding year, your increased Ordinary Disability Retirement Benefit will be reduced by a corresponding percentage, but never by more than 3% per year. In no event will your Ordinary Disability Retirement Benefit be reduced below the amount of your initial benefit at retirement. Escalation begins on the first of the month after the effective date of your Ordinary Disability Retirement.

### **Accidental Disability Retirement**

There is no minimum service requirement for Accidental Disability Retirement. You qualify provided you meet **ALL** of the following requirements:

- your application for Accidental Disability Retirement is filed while you are in *Active Service*,
- you have been found disabled by the Social Security Administration and are awarded Primary Social Security Disability, **and**
- NYCERS' Medical Board determines that your disability, as established by the Social Security Administration, is a result of an accidental injury sustained while in City service and while a member of NYCERS, and not due to your own willful negligence. NYCERS' Medical Board makes a recommendation to the Board of Trustees that you be retired due to accidental disability

### **Benefit Formula**

If your application for Accident Disability Retirement is approved, you will receive an annual benefit equal to:

- 60% times your *FAS*  
**LESS**
- 50% of your Primary Social Security Disability Benefits  
**AND**
- 100% of any Workers' Compensation payments

### **Escalation: Post-Retirement Increases**

Tier 3 Accidental Disability Retirement Benefits are escalated just like Tier 3 Ordinary Disability Retirement Benefits (see above).

### **Notify NYCERS of Your Social Security Benefit**

If you apply for benefits with NYCERS under Article 14, and have not applied for primary Social Security disability benefits, you will be required, within 60 days, to submit proof to NYCERS that you have applied for primary Social Security disability benefits. NYCERS will hold your application open for a maximum of two years pending a Social Security disability award (extended by any time necessary to complete any and all appeals to the Federal courts). If you receive a primary Social Security disability award, you must notify NYCERS within the shorter of:

- 60 days after the date of the award, or
- the two-year period described above, as extended by any appeals

If you do not follow these procedures, you will not be eligible to receive disability benefits under Article 14.

## **TIER 3 RIGHTS FOR CERTAIN TIER 4 MEMBERS**

A member who is eligible for an Accident Disability Retirement Benefit, who is subsequently determined to be eligible for a Service Retirement Benefit, will not lose the right to the Accident Disability Retirement Benefit.

### **If You Are Not Eligible for Primary Social Security Disability Benefits**

You may be eligible to receive a Tier 3 Ordinary or Accidental Disability Retirement Benefit even if you are not eligible for Primary Social Security Disability Benefits because of age (65 or greater) or because of lack of the required number of quarters. Upon approval of the Board of Trustees, NYCERS' Medical Board will examine you. If the Medical Board determines that you are disabled, you will be retired and eligible for a Disability Retirement Benefit.

### **Effective Date**

The effective date of your Tier 3 Ordinary or Accidental Disability Retirement Benefit is either:

- the effective date set by the Social Security Administration in awarding you Primary Social Security Disability Benefits,

#### **Or**

- if you are ineligible for Primary Social Security Disability Benefits, and NYCERS' Medical Board determines that you are disabled, your effective date will be six months from the date your application for disability retirement was filed with NYCERS

### **Optional Forms of Payment**

As in the case of a Service Retirement Benefit, an Ordinary or Accidental Disability Retirement Benefit is payable as a Maximum Retirement Benefit or as one of the available retirement benefit options, if you elect to choose one.

### **Suspension of Tier 3 Disability Retirement Benefits**

NYCERS will discontinue your Tier 3 Disability Retirement Benefits if, prior to your 65th birthday:

- The Social Security Administration determines that you are no longer eligible for Primary Social Security Disability Benefits,

#### **OR**

- You were ineligible for Primary Social Security Disability Benefits, and the NYCERS' Medical Board determines that you are no longer disabled

If you are otherwise eligible, the Department of Citywide Administrative Services will place your name on a list of preferred eligibles for appointment to a position in a salary grade not exceeding that from which you retired. Your Tier 3 Disability Retirement Benefits will be continued until you are **offered** a position in public service.

You should contact NYCERS immediately upon your return to work so that you can be restored to active membership. Failure to do so may jeopardize your rights to further retirement benefits from this system.

# **TAXATION**

## **IMPORTANT INFORMATION FOR NYCERS MEMBERS REGARDING FEDERAL INCOME TAXES AND NYCERS BENEFITS**

NYCERS benefits are subject to Federal income taxes, but are exempt from New York State and local income taxes. NYCERS benefits may be subject to state and local income taxes in states other than New York. You should retain any records that identify NYCERS as the source of funds that have been rolled over, in order to avoid New York State income tax on future withdrawals.

### **TIER 3 AND TIER 4 LOANS**

Please refer to the LOANS section on Page 16 in this SPD for detailed information about loans prior to and after retirement.

### **REFUNDS**

Withdrawal of your accumulated salary deductions and/or *AMCs* may result in a Federal income tax liability. The taxable distribution, if any, is outlined on your Election of Payment Notice, along with an explanation of the Federal income tax consequences. You may temporarily avoid the Federal income tax consequences by rolling over the taxable portion of the distribution into an IRA account or employer plan, if your new employer's plan allows such rollovers. If you do not elect to roll it over, NYCERS is required by the Internal Revenue Code rules and regulations to withhold 20% of the taxable portion of the distribution.

The Election of Payment Notice contains three options, under which you can elect to receive or roll over the taxable portion of your refund:

- Direct refund, including the taxable portion, subject to 20% Federal income tax withholding
- Rollover of the taxable portion of the refund into an IRA account or employer plan
- Rollover of a portion of the taxable distribution, designated by you, into an IRA account or employer plan

Members have 30 days to complete and return their Election of Payment Notice to NYCERS. If you do not return the notice to us within 30 days of the date of our letter, we will process your full refund, less 20% Federal income tax withholding on the taxable portion of your distribution. Upon a member's obtaining a refund after resignation, the outstanding balance on a loan may be at least partially taxable. The refund check you receive from NYCERS may be less than the total taxable distribution, if you have an outstanding loan at the time of the refund. In addition to being taxable at the member's normal tax rate, a member under the age of 55 will incur an additional 10% Federal income tax penalty. Members who are age 55 or older are not subject to the 10% penalty.

In addition to a Federal income tax liability, partial withdrawals of your contributions prior to your separation from City service before you attain age 59 1/2 may result in an additional 10% Federal income tax penalty.

### **PENSIONS**

Your monthly retirement allowance is subject to Federal income taxes, but part of it may be excludable. Your Retirement Resolution indicates the amount of Non-414 Contributions included in the calculation of your pension. The I.R.S. considers this amount to be your "Investment in Contract" (Cost) for the purpose of determining the excludable part of your monthly retirement allowance. (Non-414 Contributions were deducted from your paychecks after tax, and, therefore, are not subject to taxation a second time.) Use the Simplified Method detailed in your 1040 instruction booklet or in I.R.S. Publication 575, or consult your tax preparer, in order to make that determination.

The I.R.S. requires taxpayers to remit tax payments on a "pay as you go" basis. In order to avoid a penalty at year-end for non-prepayment of the tax on your pension, you must either make payments of Estimated Taxes quarterly, or have income tax withheld from your monthly check or electronic payment. You may request income tax withholding when you file your Retirement Application. Subsequent changes can be made by filing I.R.S. Form W4P, mailed to you by NYCERS annually, or simply by providing NYCERS with a signed letter that indicates your instructions for income tax withholding.

### **DEATH BENEFITS**

The Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) requires NYCERS to withhold taxes on death benefits that are subject to Federal taxation, unless the beneficiary files an election to be exempted from such withholding. NYCERS cannot pay any taxable death benefit to a beneficiary, until the beneficiary returns their election regarding tax withholding.

Beneficiaries who are the spouses of deceased members of NYCERS may choose from three options under which they can elect to receive or roll over the taxable portion of their lump sum death benefit:

- Direct payment of the taxable portion, subject to 20% Federal income tax withholding
- Rollover of the taxable portion into an IRA account
- Rollover of a portion of the taxable distribution, designated by them, into an IRA account

Basic Tier 4 contributions and *AMCs* made to NYCERS through payroll deduction are not included as current gross income for Federal income tax purposes [IRC Section 414(h)], but they are subject to current Social Security and Medicare deductions and to New York State and local income taxes.

**ALL NYCERS' BENEFIT PAYMENTS AND REFUNDS ARE SUBJECT TO FEDERAL INCOME TAXATION IN THE YEAR(S) DISTRIBUTIONS ARE MADE, BUT THEY ARE NOT SUBJECT TO NEW YORK STATE AND LOCAL INCOME TAXATION.**

## **DOMESTIC RELATIONS ORDERS**

Under the equitable distribution laws of the State of New York, pension benefits are considered a marital asset. As a result, the Supreme Court of the State of New York may assign a portion of your current and/or future pension benefits to an ex-spouse under a Domestic Relations Order.

By law, NYCERS is bound to execute the order of the court.

NY State Estate Powers of Trust Law (EPTL) provides that if you are married and you change your beneficiary after 1992 to someone other than your spouse, your spouse retains a right to a portion of your pension.

### ***Tier 4 Members with Tier 3 Rights (Tier 3/4 Members)***

Tier 4 members who last joined NYCERS after July 26, 1976 and prior to September 1, 1983, or were otherwise made eligible, automatically became Tier 4 members on September 1, 1983. However, these members retain their Tier 3 rights and are eligible to elect Tier 3 benefits.

In the past, a Tier 3/4 Member typically exercised his or her Tier 3 rights when he or she wanted to retire prior to age 62, since there was no such provision under Tier 4. Due to enactment of Tier Equity legislation in 2000, Tier 4 members are now eligible to retire prior to age 62, with a lesser benefit reduction than under Tier 3. Furthermore, Tier 3 Service Retirement and Disability Retirement Benefits impose a significant reduction upon the retiree's attainment of age 62 - i.e. the retirement benefit is further reduced by 50% of his or her primary social security benefit attributable to his or her *Credited "City" Service*.

In the vast majority of cases, it is no longer advantageous to revert back to Tier 3 for retirement purposes.

### ***Transit Authority Member***

A member employed in the NYC Transit Authority Operating-Force and some managers.

### ***Unpaid Leave***

An approved leave of absence during which a member does not receive Wages from his or her employer.
