DATED: 09/27/17

POST UNTIL: until filled

**NYCERS POSTING NUMBER:
009-18-0022**

Qualification Requirements:

1. A baccalaureate degree from an accredited college, including or supplemented by 24 semester credits in computer science or a related computer field and two years of satisfactory full-time computer software experience in computer systems development and analysis, applications programming, database administration, systems programming, data communications, including one year in a project leader capacity or as a major contributor on a complex project; or
2. A four-year high school diploma or its educational equivalent and six years of satisfactory full-time computer software experience as described in “1” above, including one year in a project leader capacity or as a major contributor on a complex project; or
3. Education and/or experience equivalent to “1” or “2” above. College education may be substituted for up to two years of the required experience in “2” above on the basis that 60 semester credits from an accredited college is equated to one year of experience. A master’s degree in computer science or a related computer field may be substituted for one year of the required experience in “1” or “2” above. However, all candidates must have at least a four-year high school diploma or its educational equivalent and at least one year of satisfactory full-time experience in a project leader capacity or as a major contributor on a complex project.

NOTE: In order to have your experience accepted as Project Leader or Major Contributor experience, you must explain in detail how your experience qualifies you as a project leader or as a major contributor. Experience in computer operations, technical support, quality assurance (QA), hardware installation, help desk, or as an end user will not be accepted for meeting the minimum qualification requirements.
