

## New York City Employees' Retirement System Job Vacancy Notice **CITYWIDE**

**Civil Service Title:** Certified IT Developer (Applications), Level 2,

**Salary:** \$98,177-\$115,000 (Annual)

**Title Code:** 13643

**Division:** Information Technology

**Unit:** Business Solutions

### **Job Description:**

The New York City Employees' Retirement System (NYCERS) is seeking an experienced Certified IT Developer (Applications), Level 2, within the Business Solutions unit

This position encompasses highly technical and supervisory responsibilities in applications development, including: planning, designing, configuring, installing, testing, troubleshooting, integrating, performance monitoring, maintaining, enhancing, security management, and support of complex computer applications programs. Performs at varying levels of difficulty and with varying degrees of latitude for independent initiative and judgment.

The Certified IT Developer (Applications), Level 2 helps to solve the most complex tasks on the project. Business Analyst and Project Team Leads (TL) will work closely with other team members on developing solutions for the defined tasks. Develops quality software that meets the functional and non-functional project requirements in the implementation, enhancement and support of all projects assigned. This includes producing application code on time, on budget, in compliance implementation standards & practices as well as general industry & platform-specific best practices. Uses modeling techniques to evaluate system performance. Includes the implementation and design of hardware and software. Monitors the performance of systems. Familiar with standard engineering concepts, practices, and procedures within a particular field. Provides identification/fixes for problems within existing systems.

The Certified IT Developer (Applications), Level 2 is expected to:

Learn and understand the new salesforce cloud based platform. Maintain the platform Developer certification, and be an expert in the platform API, management tools, and capabilities. Use this knowledge to supervise, plan, write, and test code to meet the requirements of tasks assigned, based on the technical specification for the task provided by the Project team, Business Analyst and Project Management organization, or Application Coordinator. Work with the platform technologies and languages, HTML, and Javascript to customize the platform's prototype solutions to build fully functioning ecommerce sites on desktop, tablet and mobile devices. Use object oriented techniques to create reusable, easy to maintain code. All code must conform to platform-specific & industry best practice code standards, and perform well under load.

MINIMUM REQUIREMENTS ARE ATTACHED

**New York City residency is not required.**

**NYCERS is an Equal Opportunity Employer.**

**Applicants Must Be Permanent Certified IT Developer (Applications).**

MINIMUM REQUIREMENTS ARE ATTACHED  
New York City residency is not required.  
NYCERS is an Equal Opportunity Employer.

### **Applicants Must Be Permanent Certified IT Developer (Applications)**

**TO APPLY FOR CONSIDERATION, PLEASE FORWARD A COVER LETTER INDICATING Job Posting ID number 009-22-0107 AND A COPY OF A CURRENT RESUME TO:**

**CITY EMPLOYEES:** Employee Self Service (ESS). [www.nyc.gov/ess](http://www.nyc.gov/ess). Search for Job ID#: 536044  
**ALL OTHER APPLICANTS:** [www.nyc.gov/careers/search](http://www.nyc.gov/careers/search). Search for Job ID#: 536044

**DATED:** 6/21/2022

**POST UNTIL:** Until Filled

**NYCERS POSTING NUMBER:**  
009-22-0107

**Minimum Qualification Requirements:**

Professional/vendor certification(s) in local area network administration that is required for the position to be filled. In addition, all candidates must have the following:

1. A baccalaureate degree from an accredited college, and two years of satisfactory full-time (not classroom based) experience in local area network and/or wide area network planning, design, configuration, installation, implementation, troubleshooting, integration, performance monitoring, maintenance, enhancement, and security management; or
2. A four-year high school diploma or its educational equivalent and six years of satisfactory full-time (not classroom based) information technology experience of which at least 2 years must have been as described in "1" or
3. A satisfactory equivalent of education and/or experience equivalent to "1" or "2" above. Education may be substituted for experience on the basis that 30 undergraduate semester credits from an accredited college is equivalent to 6 months of experience. A master's degree in computer science or a related field from an accredited college may be substitute for one year of experience. However, all candidates must have at least one year of satisfactory (not classroom based) full-time information technology experience as described in "1" above.

**Note:**

In order to have your experience accepted as Project Leader or Major Contributor experience, you must explain in detail how your experience qualifies you as a project leader or as a major contributor. Experience in computer operations, technical support, quality assurance (QA), hardware installation, help desk, or as an end user will not be accepted for meeting the minimum qualification requirements.

**Special Note**

To be eligible for placement in Assignment Level IV, in addition to the Qualification Requirements stated above, individuals must have one year of satisfactory experience in a project leader capacity or as a major contributor on a complex project in data administration, database management systems, operating systems, data communications systems, capacity planning, and/or on-line applications programming.

**Note:**

This position is open to qualified persons with a disability who are eligible for the 55-a Program. Please indicate on your resume or cover letter if you would like to be considered for the position under the 55-a Program.

**Note:**
