**NYCERS is an Equal Opportunity Employer.**

**Applicants must be permanent Computer Associate (Software) or reachable on the Computer Associate (Software), Exam No. 7002 list.**

**TO APPLY FOR CONSIDERATION, PLEASE FORWARD A COVER LETTER INDICATING Job Posting ID number 009-19-0067 AND A COPY OF A CURRENT RESUME TO:**

**CITY EMPLOYEES:** Employee Self Service (ESS). [www.nyc.gov/ess](http://www.nyc.gov/ess). Search for Job ID#: 387686

**ALL OTHER APPLICANTS:** [www.nyc.gov/careers/search](http://www.nyc.gov/careers/search). Search for Job ID#: 387686

**DATED:** 4/03/2019

**POST UNTIL:** Until Filled

**NYCERS POSTING NUMBER:**  
009-19-0067

**Preferred Skills:**

- 3-5 years of experience developing and maintaining medium to large custom solutions in a mature MVC paradigm.
- Experience developing enterprise grade applications in Java and C#.
- Experience developing custom applications that perform CRUD operations.
- Experience managing security on sites and sub-sites and laying out information architecture.
- Experience manage content databases, site layout structures, site quotas and limits.
- Experience in database design, stored procedures and SQL in MS SQL 2008 and above.
- Able to multi-task and pro-active in project planning, requirements gathering and setting priorities based on impact and risk to the business without supervision.

**Minimum Qualification Requirements:**

1. A baccalaureate degree from an accredited college including or supplemented by 24 semester credits in computer science or a related computer field and one year of satisfactory full-time computer software experience in computer systems development and analysis, applications programming, database administration, maintenance and support, systems programming, data communications, mainframe development, mobile development, web development and design; or
2. A four-year high school diploma or its educational equivalent and five years of satisfactory full-time computer software experience as described in "1" above; or
3. Education and or/or experience equivalent to "1" or "2" above. College education may be substituted for up to two years of the required experience in "2" above on the basis that 60 semester credits from an accredited college is equated to one year of experience. In addition, 24 semester credits from an accredited college or graduate school in computer science or a related field, or a certificate of at least 625 hours in computer programming from an accredited technical school (post high school), may be substituted for one year of experience. However, all candidates must have at least a four-year high school diploma or its educational equivalent and at least one year of satisfactory full-time experience as described in "1" above.

**Note:**

In order to have your experience accepted as Project Leader or Major Contributor experience, you must explain in detail how your experience qualifies you as a project leader or as a major contributor. Experience in computer operations, technical support, quality assurance (QA), hardware installation, help desk, or as an end user will not be accepted for meeting the minimum qualification requirements.

**Special Note**

To be eligible for placement in Assignment Level IV, in addition to the Qualification Requirements stated above, individuals must have one year of satisfactory experience in a project leader capacity or as a major contributor on a complex project in data administration, database management systems, operating systems, data communications systems, capacity planning, and/or on-line applications programming.

**Note:**

This position is open to qualified persons with a disability who are eligible for the 55-a Program. Please indicate on your resume or cover letter if you would like to be considered for the position under the 55-a Program.
