INSTRUCTIONS FOR MEMBERS FILING FOR DISABILITY RETIREMENT

Please follow these instructions carefully. They are designed to ensure that your application will be processed promptly.

- Please check the application packet to see that all of the following forms are included:
  - Application for Accident Disability Retirement or Application for Ordinary Disability Retirement
  - Applicant's Personal Report of Disability
  - Physician's Report of Disability
  - General Authorization For Medical Information
  - Disability Questionnaire

- Make sure that the application is acknowledged before a Notary Public or Commissioner of Deeds before it is mailed to NYCERS. If you are submitting the application in person you will not have to have it notarized if you can show a job identification card (picture).

- Have the Physician's Report of Disability filled out by the physician who has been treating you for the disabling condition. We have included three copies of this form, in case you have been treated by more than one physician. Please note that you must complete the authorization at the bottom of the form.

- The Applicant's Personal Report of Disability must contain the names of all hospitals, medical groups and physicians that have treated you for the disabling condition.

- A separate General Authorization for Medical Information must be completed for each hospital and medical group listed on the Applicant's Personal Report of Disability form as having treated you for your disabling condition. Hospitalization information should include the dates of admission and discharge and your hospital number.

- If you have any questions concerning these instructions, please call the Medical Division.

Please read carefully: It is your responsibility to:

1. Submit all current medical evidence to support the claim for disability retirement at least 10 days prior to the date you will be given an appointment to appear before the Medical Board. We will request medical evidence on your behalf from a hospital or H.I.P. center (not personal physicians). We cannot schedule you to come before the Medical Board until we have the required medical evidence. If the evidence is not received timely, your application could be officially suspended or closed, and you may not be eligible to reapply for disability retirement depending on your employment status.

2. Submit all X-Rays, CT Scans, MRI Films, and reports by the appointment date.

3. (For Tier 3 and Tier 4 members with Tier 3 rights only) Submit proof of filing for a Primary Social Security Disability Award within 60 days of applying for disability retirement with NYCERS. See the application for details.

4. Provide (if you are approved for Accident Disability Retirement or a Line-of-Duty Disability Retirement, except Uniformed Sanitation members) a recent Workers’ Compensation Notice of Decision when you submit your option selection forms. If you are not receiving Workers’ Compensation benefits, you must submit a statement from the Workers’ Compensation Board regarding the status of your case. We cannot finalize payment of your disability benefits until we have this information.

5. Notify this office immediately if you plan to have surgery for the illness/injury for which you are applying for disability retirement. We will schedule you to appear before the Medical Board (if you submit the required medical evidence) prior to the surgery since the Medical Board will not be able to examine you for this illness/injury until six months after the surgery. If you do not appear for this examination, you must submit proof that you were medically unable to do so. Failure to provide this proof will result in the suspension or closure of the application and depending on your employment status, you may not be eligible to re-apply for disability retirement. Please bear in mind that you will have to be examined by the NYCERS Medical Board before a determination can be made on your application for disability retirement.

Please note: Should you apply for and receive a return of your accumulated salary deductions your membership will terminate and your application will not be processed.

Instructions for the Use of the HIPAA-compliant Authorization Form to Release Health Information Needed for Litigation

This form is the product of a collaborative process between the New York State Office of Court Administration, representatives of the medical provider community in New York, and the bench and bar, designed to produce a standard official form that complies with the privacy requirements of the federal Health Insurance Portability and Accountability Act ("HIPAA") and its implementing regulations, to be used to authorize the release of health information needed for litigation in New York State courts. It can, however, be used more broadly than this and be used before litigation has commenced, or whenever counsel would find it useful.

The goal was to produce a standard HIPAA-compliant official form to obviate the current disputes which often take place as to whether health information requests made in the course of litigation meet the requirements of the HIPAA Privacy Rule. It should be noted, though, that the form is optional.

When filling out Item 11, which requests the date or event when the authorization will expire, the person filling out the form may designate an event such as "at the conclusion of my court case" or provide a specific date amount of time, such as "3 years from this date."

If a patient seeks to authorize the release of his or her entire medical record, but only from a certain date, the first two boxes in section 9(a) should both be checked and the relevant date inserted on the first line containing the first box.

What Is Ordinary Disability and Accidental Disability?

An ordinary disability is defined as an injury or illness that prevents an employee from performing the routine duties of his or her job title.

An accidental disability can only result from an accident occurring in the performance of duty. The courts have defined the term accident as a “sudden, fortuitous mischance, unexpected, out of the ordinary, and injurious in impact.” Not every line of duty injury results in the award of an accident disability retirement benefit.

The eligibility tables on the back page explain the filing requirements for ordinary and accidental disability.

- Questionnaire to Be Completed by Applicant for Disability Retirement. (Form #609)

Before you complete any of the above forms, read the instructions in Form #801 which comes with the application.

If your disability was the result of an accident on the job, your agency must submit an Accident or Incident Report prepared by you and your manager or supervisor, completely describing all the injuries and the events surrounding them. This report is most valuable if it is written at the time of the accident.

Submit your own medical evidence if you are being treated by a private physician. This includes any medical information not otherwise reportable on Form #606.

Submit all X-rays, CT Scans, MRI films, and reports before your scheduled appointment date with NYCERS’ Medical Board.

Disability Retirement Tier 1 and 2 - #921 - Page 2

How Do I Apply For A Disability Retirement?

Here are the steps for your initial application:

- Submit your application (completed and notarized).
- Authorize NYCERS to request information from your hospital or health care facility, AND/OR submit any and all medical evidence from a private physician to support your claim for disability.

NYCERS’ will not process your disability retirement application until the Medical Division receives the items above and determines your eligibility. If you are not eligible, you will be notified in writing of the reason.

Disqualifying Conditions:

You are no longer on payroll, with or without pay, when you appear before the Medical Board.

You did not apply for Accident Disability within two years from the date of the accident (except members of the uniformed forces of the departments of Correction and Sanitation).

You do not have sufficient Credited Service required by your Plan and Tier.

You vested, retired, or received a refund of your contributions which terminated your membership.

What Happens Once NYCERS Receives My Application, And How Is It Processed?

Once NYCERS receives your properly completed and notarized disability retirement application, NYCERS will:

1. Verify your eligibility to make application or ask your employing agency to verify your employment status.
2. Ask hospitals and health centers to provide a medical history, if you have completed Form #608.
3. Verify that your case file, including medical records, is complete. (The processing of your case will be suspended or closed, if medical evidence is insufficient.)
4. Schedule you to appear before NYCERS’ Medical Board for a medical interview and/or examination. (Confirm your appointment at least 7 days in advance by calling (347) 643-3000, press 8, then 1)

(continued on page 2)
Note: Failure to appear for your appointment before NYCERS’ Medical Board, without medical proof that you were unable to do so, will result in official suspension of your disability retirement application. Depending on your employment status, you may not be eligible to reapply for disability retirement.

5. NYCERS’ Medical Board will review your medical file, conduct an interview and examination, and make its determination.

What Happens After I Am Interviewed and/or Examined by the Medical Board?
NYCERS’ Medical Board will make a recommendation to approve, deny, or defer a decision on your application. You will receive notification of the Medical Board’s recommendation in writing within 30 days from your appointment.

What Happens If the Medical Board Recommends Approval of My Disability Application?
NYCERS will ask your agency to verify the last day you worked and the last day you were paid, if not previously provided. Upon receipt, NYCERS will establish a retirement date, calculate your advance payment, and send you a letter advising you of the amount.

If the Medical Board Determines I Am Disabled, When Do I Receive a Benefit Check?
NYCERS normally issues an advance payment between 60 and 90 days from the time you are notified of the Medical Board’s approval of your application.

Approximately 90 days after you receive your first advance payment, you will receive a letter advising you of the final amount payable to you under the various options, and a description of your benefit options.

What Happens If the Medical Board Denies My Application for Disability Retirement?
After NYCERS’ Board of Trustees accepts the Medical Board’s recommendation to deny your application, you may elect a review by a Special Medical Review Committee of three independent doctors. (Uniformed Correction Officers are not eligible for Medical Review.)

Note: Your union or employer must make a request, to the Executive Director of NYCERS, for you to appear before the Special Medical Review Committee. This election binds you to the Committee’s decision. You also waive your rights to reapply for a disability retirement, and to challenge the decision in court (Article 78 relief).

Members who do not elect final medical review may reapply for disability retirement by filing another application and submitting current medical evidence not previously reviewed by the Medical Board.

Members must remain on their agency’s payroll (with or without pay) in order to maintain their eligibility to refile.

You also have the right to appeal non-medical issues relating to a denial of your disability retirement application. Requests to appeal must be in writing.

NYCERS’ Board of Trustees does not have the authority to make medical decisions, or to overrule medical decisions of the Medical Board. NYCERS’ Trustees do make decisions about whether a disability is caused by an accident, or whether an incident is an accident.

What Happens If the Medical Board Defers Its Decision?
NYCERS will notify you of the deferral and ask you to provide additional information or appear for an evaluation before an independent medical consultant.

You are required to provide all information or appear for evaluation, within 45 days of the date of the NYCERS’ Medical Board letter. If you do not, your application will be suspended.

Can an Application for Ordinary or Accident Disability Retirement Be Withdrawn?
If NYCERS Medical Board has not finalized its findings, you may withdraw your application for a disability retirement benefit upon written request to NYCERS and approval of the Medical Board.

Are There Any Limitations on Income Earned While I Collect a Disability Retirement Benefit?
Pensioners are subject to limits on the income they earn while collecting disability retirement benefits.

For disability retirees who have reached normal retirement age, there are no limitations on earnings from:

- Private sector employment
- Federal government employment
- Any public service employment outside the State of New York

Limitations apply at certain income thresholds. In addition to the limitations on your income, other rules may apply to your employment while you are disabled. Before accepting employment, you should write or visit NYCERS to determine whether you are subject to income limitations.
Am I Required To Report To NYCERS Any Income I Earn While Collecting My Disability Retirement Benefit?

Yes. Once each year, (until you reach normal retirement age) you will be required to complete and return to NYCERS, the New York City Employees’ Retirement Safeguards Information Affidavit disclosing your income during the preceding calendar year.

What Happens If I Am No Longer Disabled and Want To Return To Work?

Members retired by reason of disability for one year or more may request a Medical Board re-examination to establish their ability to return to work.

In some cases, the Medical Board may approve a disability retirement application contingent on re-examination at a later date. By law, each year, until you reach normal retirement age, you may be required to be re-examined by NYCERS Medical Board.

If, upon re-examination, the Medical Board determines that you are no longer disabled, the Department of Citywide Administrative Services will place your name on a list of preferred eligible candidates for appointment to a position in a salary grade not exceeding that from which you retired. Disability benefits will continue to be paid until you are offered a job. If you return to work, or fail to return to work when called, NYCERS will discontinue payment of your disability benefit.

Note: To be restored to active NYCERS’ membership, please notify NYCERS’ Pension Payroll Division immediately upon your return to work. Failure to do so may jeopardize your rights to future retirement benefits.

Are There Tax Consequences On Disability Retirement Benefits I Receive?

Ordinary and accident disability retirement benefits are not subject to New York State and local income taxes. Ordinary disability retirement benefits are subject to Federal income tax.

Members who receive a ¾ accidental disability retirement benefit are not subject to Federal tax on their benefit.

Will I Get A Reduction In Benefit Because Of Other Government Benefits I May Receive?

There is no reduction in benefit because of any Social Security payments.

Accident disability retirement benefits are reduced by 100% of any workers’ compensation payments you receive.

Who Administers My Health Insurance Coverage?

NYCERS does not administer health insurance benefits.

Ask your agency’s personnel or human resources department about active employees’ health insurance.

Questions regarding retirees’ health insurance benefits and deductions should be directed to the following:

NYC Office of Labor Relations: (212) 513-0470
NYC Transit Authority: (646) 376-0123
TBTA: (646) 252-7935

Note:

To be restored to active NYCERS’ membership, please notify NYCERS’ Pension Payroll Division immediately upon your return to work. Failure to do so may jeopardize your rights to future retirement benefits.

Various laws and NYCERS’ Rules govern post-retirement earnings limitations for disability retirees. This brochure details such limitations. Please refer to the section of this brochure applicable to your tier.

TIERS 1 AND 2

LIMITS BEFORE ATTAINING SERVICE RETIREMENT AGE

Section 13-171 of the NYC Administrative Code provides that a disability retiree may receive income from employment in the private sector or the public sector if he or she has not yet met the age requirement (service requirement for retirees of a special plan which permits retirement without regard to age) under his or her retirement plan. The amount a pensioner may earn is the difference between the maximum current salary of the next higher title from that which he or she retired, and the maximum pension portion of his or her retirement allowance.*

LIMITS AFTER ATTAINING SERVICE RETIREMENT AGE

Once a disability retiree attains the minimum age requirement (service requirement for retirees of a special plan which permits retirement without regard to age) for his or her retirement plan, Section 1117 of the NYC Charter governs post-retirement public employment. Section 1117 provides that a retiree’s pension must be suspended if his or her total pension and earned income from the City, State or a municipality within New York State exceeds $1,800 in any year.** NYC Transit retirees are not subject to this limitation. Income from Public Benefit Corporations or the private sector is exempt from the $1,800 limitation in the NYC Charter.

TIERS 3, 4 AND 6

Tier 3, 4 and 6 disability retirees are generally subject to post-retirement earnings limitations. The extent to which these limitations apply depends on the specific law under which you retired. The following table shows the limitations under each law. If you do not know the disability law you retired under, refer to your Retirement Resolution or data sheet which was given to you at retirement.

*Exceeding earnings limitations under Section 13-171 will result in the suspension of your pension for the remainder of that calendar year.

**Since the pension and earned income are added together to compare to the $1,800 limit most pensioners will exceed this limit once they start working. The pension will remain suspended for as long as you continue to work.

***Employment with a Public Benefit Corporation in NYS is considered Private Employment.
